**PASSION, INNOVATION AND
ASSURANCE ARE THE CORE
VALUES THAT MAKE US TICK.**

Innovation is at the heart of what we do.

We place our focus on designing and engineering ranges that bring something different; whether it be the latest finish to perfectly complement your kitchen designs or new functionality in a popular design.

Buying Abode means complete peace of mind. We have strict quality standards, investing in the very best components and latest manufacturing techniques to ensure long-life performance. We are so confident in the quality of our products that they carry a comprehensive warranty. On top of that, our aftersales service team are dedicated in providing superior customer service should you need us.

**INFLUENCED BY DECADES PAST, ENGINEERED
FOR DECADES TO COME.**

Classic in style, premium in quality, this range from Abode truly is distinctive.

The extensive list of processes which are carried out to produce these products really do make all the difference.

Our Astbury, Bayenne, Brompton and Langley collections are constructed from low lead brass, made in small batches, hand finished, hand assembled and individually tested to ensure a consistently high level of quality and premium finish every time.

All products within the Classically Abode range come complete with anti-splash aerators, pre-fitted flexible tail pipes and ceramic valves from world leading manufacturers tested to over 200,000 cycles.

All products are 100% water tested after assembly to ensure perfect performance is guaranteed.

THE ASTBURY

All products in the Astbury range feature **REAL CERAMIC HANDLES** to provide the optimum, premium finishing touch to your traditional kitchen design.

With **NEOPERL® ANTI-SPLASH AERATOR** for efficient and smooth water supply, **CERAMIC DISC VALVE CARTRIDGE** technology for effortless use and **PRE-FITTED FLEXI TAIL PIPES** to save on fitting time.

ASTBURY SINGLE LEVER

The perfect addition to an understated, traditional kitchen design. Single lever design for smooth single handed control makes this Astbury product as functional as it is sleek.

For complete functionality select models with the integrated handspray, delivering any mix of hot and cold water through the handspray.

Min 1.0 bar pressure required

For Hendon Handspray in Chrome (AT3040), Pewter (AT3041) or Forged Brass (AT3101) please refer to page 42

FORGED BRASS

The full Astbury collection is now available in **FORGED BRASS**. To achieve this delicate finish we hand-brush each individual product and use a **PVD COATING** to ensure optimum longevity and protection of the finish.

The **REAL CERAMIC HANDLES** contrast with this finish beautifully. Sheer elegance.

THE BAYENNE

Seeing really is believing when it comes to the Bayenne. This premium range has real substance whilst maintaining a **LOW LEAD BRASS CONSTRUCTION**. With **NEOPERL® ANTI-SPLASH AERATORS** for efficient and smooth water supply, **CERAMIC DISC VALVE CARTRIDGE** technology in the handles for effortless use and **PRE-FITTED FLEXI TAIL PIPES** for ease of installation.

BAYENNE SINGLE LEVER

It's the fine, sophisticated detailing and classic French design which epitomise the Bayenne family of products. This traditional design has a contemporary edge in the form of the single lever handle for effortless single handed control.

For complete functionality select models with the integrated handspray, delivering any mix of hot and cold water through the handspray.

Min 1.0 bar pressure required

For Hendon Handspray in Chrome (AT3040), Pewter (AT3041) or Century Copper (AT3103) please refer to page 42

CENTURY COPPER

All products in the Bayenne range are available in the distinctive **CENTURY COPPER** finish. Achieved through true artisan craftsmanship which creates the **CLASSIC OIL RUBBED LOOK**. This means each tap is an original. **RESILIENT GLOSS LACQUER** is then applied to protect the exposed copper, this gives the product a gloss finish and cements the hand crafted patina for the life of the product.

THE BROMPTON

The simple elegance of the Brompton collection makes it the perfect addition to a wide range of kitchen styles. If you are looking for premium quality and classic design, opt for the Brompton range.

With **NEOPERL® ANTI-SPLASH AERATORS** for efficient and smooth water supply, **CERAMIC DISC VALVE CARTRIDGE** technology in the handles for effortless use and **PRE-FITTED FLEXI TAIL PIPES** to save on fitting time.

BROMPTON SINGLE LEVER

The smooth action of the single lever handle makes for effortless control and precision flow. Premium simplicity embodied.

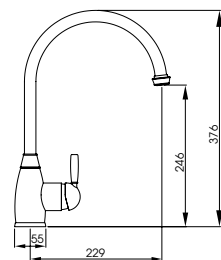

For complete functionality select models with the integrated handspray, delivering any mix of hot and cold water through the handspray.

AT3016 Chrome
£344.00

£477.00

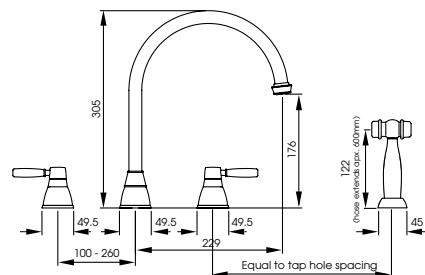

Min 0.4 bar pressure required

AT3048 Chrome
£594.00

AT3049 Pewter
£679.00

Min 1.0 bar pressure required

For Hendon Handspray in Chrome (AT3040) or Pewter (AT3041) please refer to page 42

THE LANGLEY

The Langley Bridge is a timeless representation of the classic English cross handled mixertaps of yesteryear, with the best quality components of today.

With **NEOPERL® ANTI-SPLASH AERATORS** for efficient and smooth water supply, **CERAMIC DISC VALVE CARTRIDGE** technology in the handles for effortless use and **PRE-FITTED FLEXI TAIL PIPES** to save on fitting time.

LANGLEY BRIDGE

The cranked legs on this bridge mixer not only raise the tap high above the sink, but they add a distinctive feature to this show stopping piece. The Langley is suitable for thicker worktops (up to 85mm) thanks to extra long inlets.

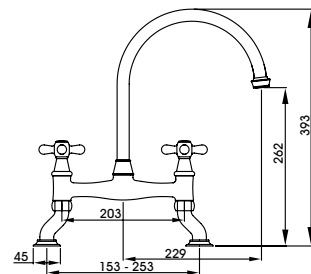

Handspray models come with independent handspray for cold water spray only.

AT3036 Chrome
£428.00

AT3038 Pewter
£465.00

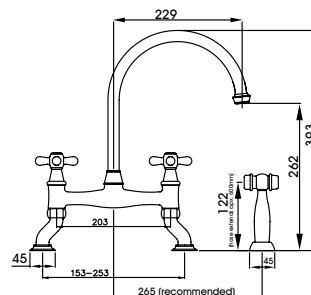

Min 0.4 bar pressure required
