

# Make the (s)wich, from bottled water, save money and the environment.

**SHOP NOW**  
abodedesigns.co.uk

Transform your kitchen tap into a filtered water tap with our revolutionary SWICH device and say no to plastic.

## Five Year Costs & Savings

Swich costs include the initial cost of the device in year one. Next 4 years include the cost of 2 replacement Swich filters and 2 refillable water bottles.

## Swich Versus Bottled Water

### SWICH

- Av cost of tap water for recommended 2 litres per day: **2p**
- Per year per person: **£7.30**
- Av cost of 2 refillable water bottles per year: **£32**
- Max cost of Swich unit with 2 filters: **£343**

**Cost\* year 1 for Swich £390.**

### BOTTLED WATER

- Av cost of recommended 2 litres per adult per day: **94p**
- Per year per person: **£343**

**Cost\* year 1 for bottled water £686.**

\*Based on a 2 person household drinking the recommended intake of 2 litres of water per person per day.

## Your Contribution to Reducing Plastic Waste

**Swich could help you save\* 2920 plastic water bottles each year!**

13 billion plastic bottles end up in landfill each year in the UK. If you currently buy your water in 1/2 litre bottles SWICH could help you save\* 2920 bottles each year. A great contribution to the environment.

Thanks to our new Filter Recycle Scheme, we can give you something extra, the peace of mind that your filter will also be recycled at the end of its life. Send your filter back to us and we'll take care of the rest!

The filter recycle scheme is for the high resin filter only\*
