

**Product Overview:** If you're not sure what the final installation conditions will be, the flexibility of the Multi Spec tray is the ideal solution.

- Features:**
- Suitable for all floor types and alcove installations (kit supplied)
  - Integral pipe duct system avoids re-routing pipework
  - Optional upward discharge system
  - No under tray foaming required

- Benefits:**
- Multi Spec trays can provide level access or be surface mounted for low entry
  - Total flexibility means you can fit most spaces
  - Strong, with built in reinforced steel sections
  - A 35mm fall inside the tray gives excellent drainage
  - Slip resistant surface for added safety
  - Wide choice of screens, curtains and rails

**Guarantee:**

**Specifier's Guide:**

Height of Tray	Wood Floor	Concrete Floor	Screeded Floor	Corner Fitting	Alcove Fitting	Tray Handling	Gravity Waste	Pumped Waste
40 mm	Level Access / Surface Mounted	Surface Mounted	Level Access / Surface Mounted	✓	✓	Handed	✓	✓

\* The lifetime warranty excludes normal wear and tear in general applications and in accordance with AKW installation instructions. It applies only to products being installed for the first time and according to relevant local and national regulations.

## Product Specification:

- Made from GRP reinforced with steel sections
- Tray height: 40mm
- Integrated 180mm pipe duct
- 35mm tray fall
- 5 stock sizes available
- Supplied with separate aluminium tiling upstand

## Ramp Kits Available

Braddan ramp kits allow easy wheelchair access and are available for Multi Spec trays and other surface mounted or semi recessed trays in 20 / 40mm ramp kits. The aluminium ramp kits are supplied for corner or straight access and can be cut to size on site.

Straight

Corner

## Integral Pipe duct

The Multi Spec tray has the advantage of a large integral pipe work duct on two sides as standard.

Not only does this help to avoid re-routing of pipework but it also allows faster installation providing substantial cost savings on time and labour.
