

## Product Overview

Our contemporary rain head shower kit is the perfect addition to any modern bathroom, with compatibility across our range of mixer shower valves and mixer bath taps.

The kit features a fixed shower head which provides a steady water stream that mimics rainfall for a luxurious showering experience. For more flexibility, a roaming handset is also included, with the flow of water quickly and easily switched between the rain head and handset, with our lever handle diverter.

## Features & Benefits

- + Contemporary design with a polished chrome finish, suitable for use in a wide range of bathrooms.
- + Rainfall shower head height can be adjusted (range of 50-425mm) to accommodate different user heights.
- + Riser rail features adjustable holder for roaming handset to accommodate different user heights.
- + Multifunctional kit allows users to choose between fixed rainfall shower head and roaming handset for greater flexibility.
- + Lever handle diverter allows users to easily direct the water flow between the rainfall shower head, handset, or both, with icons to confirm the mode selected.
- + Compatible with AKW mixer shower valves and bath shower mixer taps.
- + Rainfall shower head tilts 25° from horizontal position to direct water flow based on user preference.
- + Handset benefits from three different spray patterns to cater to a variety of user requirements.
- + Durable silicone nozzles allow for easier cleaning.

## Kit Includes:

- + Riser rail with lever handle diverter and two wall fixing points
- + Rainfall shower head
- + Roaming handset
- + 0.6m hose (for connection to mixer valve or tap)
- + 1.5m hose (for connection from diverter to handset)

Note: Longer shower hoses are available separately if required

## Product Specification

- + Ceramic disc technology within valve, connecting to selected outlet (rainfall shower head or handset)
- + Minimum pressure required: 0.5 bar
- + Flow Rates (approx. based on 1 bar pressure): 8.7 l/min (rainfall shower head), 6 l/min (handset)
- + Chrome-finished rainfall shower head, riser rail and handset
- + Handset features grey face plate
- + Handset includes flexible 1.5m hose
- + 0.6m hose connects shower kit to mixer valve or tap (valve/tap available separately)

## Guarantee & Approvals

- + Lifetime warranty
- + WRAS approved components
