

Product Overview

Wetroom shower areas with exceptional strength, up to 100 stone / 635kg.

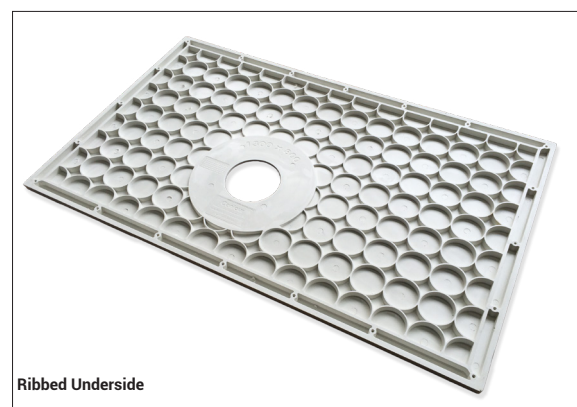

Features & Benefits

- + A level access wetroom shower area concealed beneath the vinyl or tiled flooring once installed
- + Withstands 100 stone / 635kg to simulate a standing person
- + No additional support needed around the waste for quick & easy installation
- + 24mm thick to facilitate installation with existing floorboard
- + 40mm flat area around the floor former perimeter for door placement & water retention
- + Larger shower area, ideal for wheelchairs
- + Supplied without a waste
- + Extra reinforcement around waste so that additional noggins are not required
- + Made from GRP using the SMC process for superior strength whilst being light-weight
- + 24mm thick for strength and rigidity

Installation Details

- + No raised collar around the underside of the waste for easy installation on timber floors
- + Circular ribbed underside designed for setting into a concrete or screed base & eliminates slippage when installing
- + Textured top surface allows excellent adhesion of vinyl flooring
- + Offset waste positions to avoid joists
- + Falls of approximately 2° - 2.5° built into the top surface
- + Pre-formed semi-drilled fixing points for secure installation
- + Can be cut to size in virtually any position using a circular saw or jigsaw
- + Suitable for timber & screeded floors

Waste options

Compatible with all AKW wet floor former wastes.
