WHITE Bendy Curtain Rail 3000

acrs1.kit
Kit for single
c/support

Product Overview

The ultimate answer for those awkward installations into odd shaped rooms. The Bendy Curtain Rail can be shaped easily by hand allowing it to fit into any space. A white aluminium sandwich around a flexible core allows it to bend into the required position over a shower or bath.

These rails can be installed independently or effortlessly paired with our range of AKW Standard Shower Screens. Three sizes available which can be shaped to suit your installation, designed to meet a variety of user needs and space requirements.

Features

- Curtains sold separately
- Curtain rail can be cut to length
- Hook & Glider Pack supplied to complete installation
