1900 Series Straight Heavy Duty Grab Rails

Reinforced with an aluminium tubular core for greater strength.

Features & Benefits

+ Choice of five fixing points for optimum wall fixing providing added strength and security
+ Fluted surface gives additional grip especially when hands are wet
+ Colour options available in white or blue designed to create contrast for users with visual impairment
+ Easy installation as no electrical earthing is required
+ Reinforced aluminium tubular core for greater strength
+ 38mm rail-to-wall clearance allows for easier grip for the users with limited dexterity to support themselves
+ Wall fixings not supplied

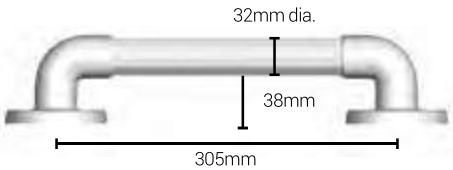

Specifications

Tested to a maximum load of 30 stone / 190kg**
Diameter: 32mm
