AKW M17 DigiPump®

The AKW M17 waste pump has been introduced to ultimately replace the AKW M1 & M3 waste pumps with a digital waste pump that is superior to both in operation and compatible with AKW's wide range of pumped wastes and trays.

Features:

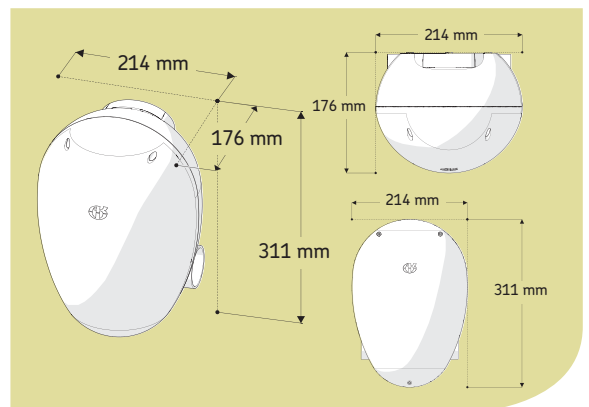

- 17 litres per minute in real 'life' scenario
- Easy to install
- Improved control electronics for superior pump performance
- Long life diaphragm
- Integrated digital controller
- Pump uses 4 valves for efficient debris clearing
- Improved software mapping
- Both inlet & outlet are 22mm John Guest fittings
- IP45 rating
- Installs directly into the Luda® shower

Benefits:

- Quick and easy fitting
- Easily serviceable
- Efficient debris cleaning
- Extremely quiet in operation
- Cooler running and more reliable
- Familiar pump adjustment settings
- New gearbox provides excellent efficiency & reliability
- Software allows increased accuracy when matched to shower flow rate
- Suitable for electric or mixer showers
- Non handed pump, flexibility to rotate pump head to allow flow in either direction
- Can be connected directly to the AKW Luda® Shower

“ The M17 was easy to fit and calibrate, efficient in operation and offered more scope than currently provided by the M1 and M3. ”

Nolan Ward,
Director, Intelligent Disabled Solutions
