

Product Overview

Contemporary, lightweight SMC shower tray, designed in-house by AKW, reflecting the latest trends in industrial design.

Features

- + Strong (weight load 31.5 stone /200kg)
- + Lightweight (weighs under 3.9 stone/24.8kg)
- + Rigid webbed structure ensures excellent shock and impact resistance and easy installation
- + Low profile (tray height: 26mm)
- + Concealed waste, positioned at one end
- + Shallow depth waste (54mm under the tray) with dry trap
- + Available in white, black and grey

Benefits

- + Can be cut to size (within 150mm from the waste)
- + Slate finish to improve slip resistance
- + Colour and finish co-ordinated waste cover, with slots to improve water flow
- + Compatible with Larenco, Level Best, Silverdale and Standard screens
- + Can be recessed or surface mounted

Product Specification

- + **Construction materials:** SMC (Sheet Moulding Compound)
- + Low profile (tray height: 26mm)
- + Can be cut to size (within 150mm from the waste)
- + Concealed waste, positioned at one end, except on the 2000 x 1000 tray which has a central waste position.
- + Shallow depth waste (54mm under the tray) with dry trap
- + The DW90 Dry Waste has been redesigned in order to fit the Onyx Shower Tray. (see overleaf).

Guarantees & Certifications

Onyx Tray Leg Kits

Designed for use with Onyx Shower Trays to achieve a surface mounted installation. This allows pipework to be accommodated under the tray when the bathroom configuration does not allow the tray to be embedded in the floor. Available with or without colour matching skirt.

View Onyx Tray Leg Kit specification sheet for more information.

Dimensions

Centre of waste is approximately 200mm to wall for easy bath replacement.

DW90 Dry Waste Product Overview

The DW90 low level waste has been redesigned in order to fit the Onyx Shower Tray. A pipe adaptor kit also available.

Features

- + 90mm (suitable for Onyx trays only)
- + Shallow 54mm depth (useful for solid floors)
- + Non-return valve incorporated
- + Meets performance requirements of British Standards, BS EN 274 Part 2:2002
- + Non-return valve incorporated

Benefits

- + Very compact
- + Non-return valve prevents bad odour backflow
- + Trap will not dry out with sporadic use
- + Top access for easy cleaning
- + High flow rate
