

## Product Overview

Designed to utilise space in a bathroom or washroom, the wall-mounted Navlin Corner Wash Basin features one tap hole and is finished with a stylish, curved front.

AKW Navlin and Navlin Doc M sanitaryware ranges have been designed with compatibility in mind, allowing you to create a contemporary bathroom that expertly caters to a variety of needs.

## Features & Benefits

- + Compact corner design is ideal for bathrooms and washrooms with limited space
- + Level tap deck that is functional and easy to clean
- + Rounded edges and corners reduce the risk of injury in the event of a trip or fall
- + Wall-mounted installation gives the illusion of greater space and allows closer access for seated or wheelchair users, where possible
- + One tap hole, suitable for use with a mixer basin tap, compatible taps are available separately
- + Allows for the use of a clicker waste or plug with chain anchor waste, both of which can be purchased separately
- + Components individually packaged in recyclable materials to prevent damage in transit
- + Recommended for use with a 5 l/min flow limiter

navlin
