# 25 YEARS

## CELEBRATING 25 YEARS OF INNOVATION

April is part of the Cavalier brand portfolio featuring the latest premium shower enclosures, bath screens, shower tray and bath designs together with the highest levels of detail, quality and customer service.

All products are rigorously tested to ensure they meet the high industry standards, because of this we are able to provide a lifetime guarantee with all our Identiti and Prestige Frameless enclosures when they are installed with one of our April trays.

# TOO GOOD TO IGNORE

“WE VALUE OUR CUSTOMERS & PROMISE  
TO DELIVER HIGH QUALITY PRODUCTS AT  
AFFORDABLE PRICES”

An obsessive attention to detail and value means we continue to scrutinise each part of our offering. That is why we have made the bold decision to reduce prices across a number of ranges to ensure you, the customer, receives the best product for the best price.

**POWER SHOWER COMPATIBLE**  
Suitable for use with power showers

**WETROOM COMPATIBLE**  
Suitable for wetroom installations

**PROFILE COVERS**  
Cover caps at the top of wall and corner profiles

**CONCEALED FIXINGS**  
Internal fixings are concealed

**GENEROUS ADJUSTMENT**  
See from page 70 for product adjustments

**GLASS THICKNESS**  
Specifies glass thickness of enclosure panels

**GLASS HEIGHT**  
Specifies glass height of enclosure panels

**QUICK RELEASE DOORS**  
Quick Release Bottom Rollers with stainless steel ball bearings

**GUARANTEE**  
See page 78 for terms of guarantee

## SIMPLE INSTALLATION

April Products are not only designed to enhance the look of a customer's bathroom, we understand how important installers are to our business. Our aim is to be the N°1 choice for installers by making installers the N°1 priority when designing our products.

Design features to speed up installation:

- Easy clip on cover strips
- Pre-fitted rollers
- Easy fit fixed panel seals
- Pre-fitted u gaskets

Service features:

- Dedicated and experienced technical advisors are on hand to provide telephone diagnostics
- Field engineers are available for onsite visits
- Comprehensive and user friendly installation instructions
- The April website provides technical specifications for April ranges and also allows spare parts to be ordered easily.

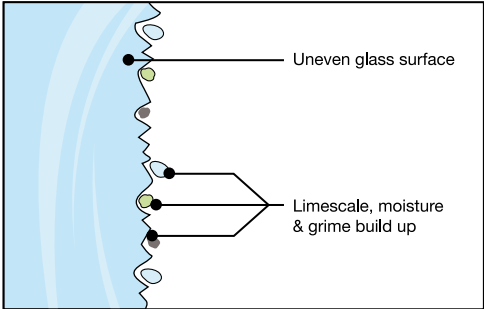

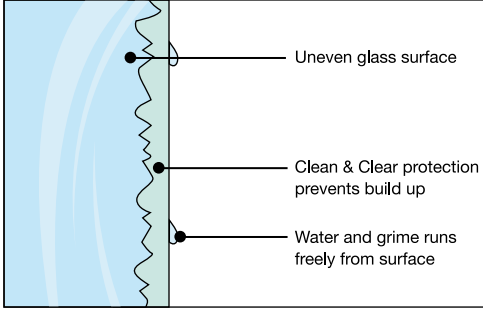

# GLASS PROTECTION SYSTEM

“The Clean & Clear™ glass protection system is both innovative and highly beneficial creating a protective barrier on the glass, this is applied as standard to April Enclosures and bath screens”

Normal Glass

Clean & Clear™ Glass

## The Problem with Untreated Glass

The surface of glass is not completely smooth; under a microscope glass has a rough surface of peaks and potholes. Water, limescale and mineral salts can quickly build up in this uneven surface causing permanent staining and damage.

## How Clean & Clear™ Works

Clean & Clear™ nano-molecules chemically fuse with the surface of glass and acts as a long lasting protective barrier. The hydrophobic or repellent properties stop limescale and other residue from bonding to the glass. It is completely transparent, non-hazardous and unlike traditional coating applications, Clean & Clear™ will never discolour, peel or crack.

## Kinder to the Environment

Typically Clean & Clear™ reduces the frequency of cleaning by half. Just like 'non-stick' cookware, the maintenance of Clean & Clear™ protected glass does not require harsh and abrasive cleaning chemicals which can be expensive and damaging to the environment.

## Aftercare

Clean & Clear™ glass can be cleaned with any suitable non-abrasive glass cleaner - with a PH value of between 3-11; the coating will not be damaged. Avoid surfactants and heavily perfumed products. Vinegar and water based products are very effective. Do not use abrasive scrubbing cleaners or equipment for cleaning.

## Benefits:

- Creates a 'non-stick' surface
- Resists lime scale build-up and water spots
- Easier to clean and keep clean
- Maintains the pristine appearance for longer
- Hinders bacteria growth for a more hygienic environment

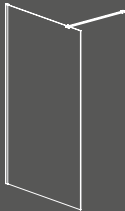

# SHOWERING SIMPLIFIED

“CREATE THE PERFECT SHOWERING EXPERIENCE BY  
SELECTING THE BEST FIT FOR YOUR SPACE”

# IDENTITI ENCLOSURES

## SLIDING DOORS

Our stunning Identiti Sliding Doors boast colour matched soft close door seals and quick release runners for a smooth gliding action.

## QUADRANTS

April Quadrants are an incredibly practical option for making the most of your bathroom space, whilst the gentle curves create a subtle design statement.

## HINGE, BIFOLD & PIVOTS

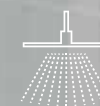

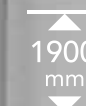

The Identiti collection features designs and openings perfect for smaller bathrooms. Our Hinge, Bifold & Pivot have added sizing flexibility when used with Inline Panels.

“ WE HAVE IMPROVED OUR IDENTITI RANGE BY INCREASING THE GLASS THICKNESS FROM 6MM to 8MM AT NO ADDITIONAL COST ”

## FEATURES

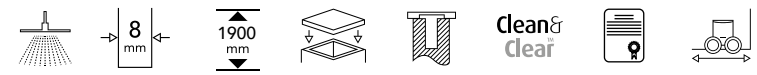

Clean & Clear™

visit [www.cavalierbathrooms.co.uk](http://www.cavalierbathrooms.co.uk) for further technical information

# SLIDING DOOR

8mm CLEAR GLASS

The stunning Identiti Sliding Door is now available with luxurious 8mm glass, generous 50mm adjustment and optional 50mm extension wall profiles. Doors are reversible for left and right hand opening.

## SLIDING DOORS (clear glass)

1000 Slider	o/c AP9477S	£449.00
1100 Slider	o/c AP9478S	£459.00

# STONE TRAYS

Our ABS capped stone resin shower trays are proudly manufactured in Britain to ensure the perfect fit.

- Slimline 45mm height
- ABS capped stone resin
- Optional riser leg and panel pack
- Extensive range of sizes (see page 68)
- Lifetime guarantee
- Available in Anti Slip

## RISER

An optional riser leg and panel pack allows the majority of April trays to be upgraded to a riser tray. The easy fit adjustable legs and panels clips allow for a quick and easy installation and maintenance access, ideal for solid floors.

NEW

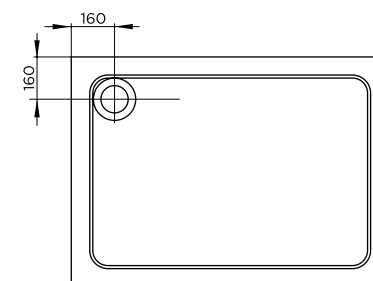

## Anti-Slip

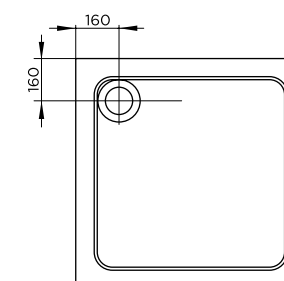

We are proud to announce that we have recently introduced a range of anti-slip stone resin shower trays.

The anti-slip effect is vacuum formed directly into the shower tray while being manufactured. This feature helps combat slippery surfaces, providing a safe and comfortable showering experience.

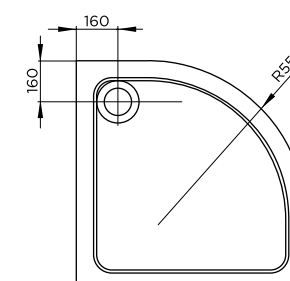

## RECTANGLE

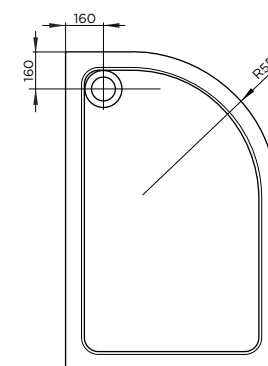

## SQUARE

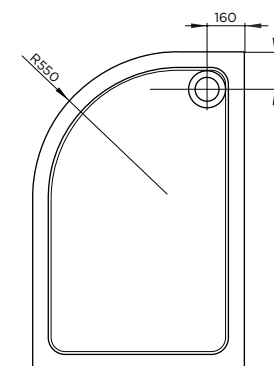

## QUADRANTS

## OFFSET QUADRANTS

# BATH WASTES

## Non Exposed

A non exposed waste fits to the bath but cannot be seen. Waste 7401 is a non exposed Plug & Chain waste, 7402 is a non exposed Pop Up waste and 7403 is a non exposed Click Clack waste. These wastes are manufactured in plastic and the only parts seen are the parts which will be fitted to the inside of the bath.

## Exposed Wastes

These wastes are manufactured with the intention of being seen, these have to be pleasing to the eye and not made out of plastic. Exposed Plug and Chain 7404, exposed Pop Up waste 7405 and exposed Click Clack 7406 are examples of exposed wastes.

## Click Clack Wastes

This waste is opened or closed by pressing on the waste cover. The Click Clack wastes are available in exposed and non exposed options.

## Pop Up Wastes

This waste is opened or closed by simply turning the overflow. The Pop Up wastes are available in exposed and non exposed options.

## P Trap

P traps are fitted to the waste tail underneath the bath. It releases the water out of the bath and dow to the outlet pipe, the P shape allows a little wate. to remain in the bottom of the trap to stop any foul smells venting back up into the bath from the soil pipe. This comes supplied only as an exposed version, in either shallow or ultra shallow format.

## Exposed L Pipe

This is an exposed outlet pipe which connects to the P trap and goes underneath the floor to connect to a plastic outlet pipe. The pipe is for exposed use and fits with all the other exposed waste pipes.

With so many different wastes to choose from picking the right one can be daunting. With the aid of our Bath Waste Guide we hope to help you choose the right waste for your bath.

## Pipe Shrouds

There are two different types of pipe shroud we provide. Telescopic 7411; these pipe shrouds are used when tap holes are drilled in the bath. Over edge pipe shroud 7412; these pipe shrouds are used when there are no tap holes in the bath.

## Exposed Telescopic Pipe Shroud Kits

The Pipe Shroud Kits (7414 & 7415) are both exposed versions and include an exposed waste, telescopic pipe shrouds and a P trap. The difference between the two is that one kit has a plug and chain waste and the other kit has a pop up. These kits are a complete set, instead of ordering everything separately.

Code	Description	RRP inc VAT
7401	1½” Stowaway Bath Waste - Non Exposed	£33
7402	1½” Standard Pop Up Bath Waste Chrome	£44
7402-BLK	1½” Standard Pop Up Bath Waste Black	£49
7403	1½” Click Clack Bath Waste	£62
7404	1½” Stowaway Bath Waste - Exposed	£108
7405	1½” Standard Pop Up Bath Waste - Exposed	£170
7406	1½” Click Clack Bath Waste - Exposed	£183
7409	1½” Ultra Shallow P Trap - Exposed	£44
7410	1½” Shallow Exposed P Trap - Exposed	£44
7411	1 Pair Telescopic Pipe Shrouds	£245
7412	1 Pair Over Edge/Rim Pipe Shrouds	£326
7413	Outlet Waste Pipe - Exposed L Pipe	£66
7414	Chain Waste Kit (Waste, P Trap, Telescopic Pipe Shrouds - Exposed)	£312
7415	Pop Up Waste Kit (Waste, P Trap, Telescopic Pipe Shrouds - Exposed)	£409

We strongly recommend the use of our wastes with our baths as we cannot guarantee other wastes will fit our baths.

# PRODUCT INFORMATION

## Shower Enclosures

All products are manufactured in accordance with ISO 9001 and ISO 14001.

All glass fully conforms to the relevant EN standards for toughened safety glass. All Aluminium sections are extruded from alloys which comply with the relevant EN standards. Doors and enclosures are tested in accordance with the relevant EN standards and are suitable for use with modern power showers. Products are supplied with full installation instructions and fixings.

## Guarantee

April guarantees cover all manufacturing defects. This guarantee does not cover damage during fitting or misuse. The guarantee applies only to the original purchasers of the product and is not transferable. To register your guarantee or for further terms and conditions visit our website [www.aprilproducts.co.uk](http://www.aprilproducts.co.uk)

## Shower Enclosures

All Identiti & Prestige Frameless shower enclosures carry a lifetime guarantee when fitted with an April shower tray. A 10 year guarantee will be given when fitted with any other manufacturer's tray.

Wetroom panel guarantee applies as above. When panels are installed without a tray, a lifetime guarantee still applies.

## Shower Trays

All shower trays carry a lifetime guarantee, should the tray not be installed in conjunction with an April shower enclosure the guarantee will be reduced to 10 years.

## Freestanding Baths

All of our freestanding baths carry a 10 year guarantee and our bath feet carry a 2 year guarantee, for further terms and conditions visit our website [www.aprilproducts.co.uk](http://www.aprilproducts.co.uk).

## Prices

The prices included within this brochure supercede all previous publications with goods being invoiced at prices ruling on date of dispatch. Prices are subject to alteration without notice.

## Errors & Omissions

In the interest of continuing design and development and product improvement, April reserve the right to change colour, designs and product specifications without prior notice. All colours/finishes in this brochure are as accurate as the printing process will allow.

## Measurements

All dimensions are in millimetres and are nominal, they are provided as guidance only. They are not to be used as a template for a wetroom floor design.

## Cleaning Instructions

It is important to clean your April shower enclosure after every use. Please wipe down all the glass and metal parts with a clean soft cloth. Ensure that all residual water on the glass is removed after every use. Clean and Clean™ glass can be cleaned with any suitable non-abrasive glass cleaner - with PH value of between 3-11; the coating will not be damaged. Avoid surfactants and heavily perfumed products. Vinegar and water based products are very effective.

Do not use abrasive scrubbing cleaners or equipment for cleaning. Install your enclosure in a well ventilated area.

## Usage

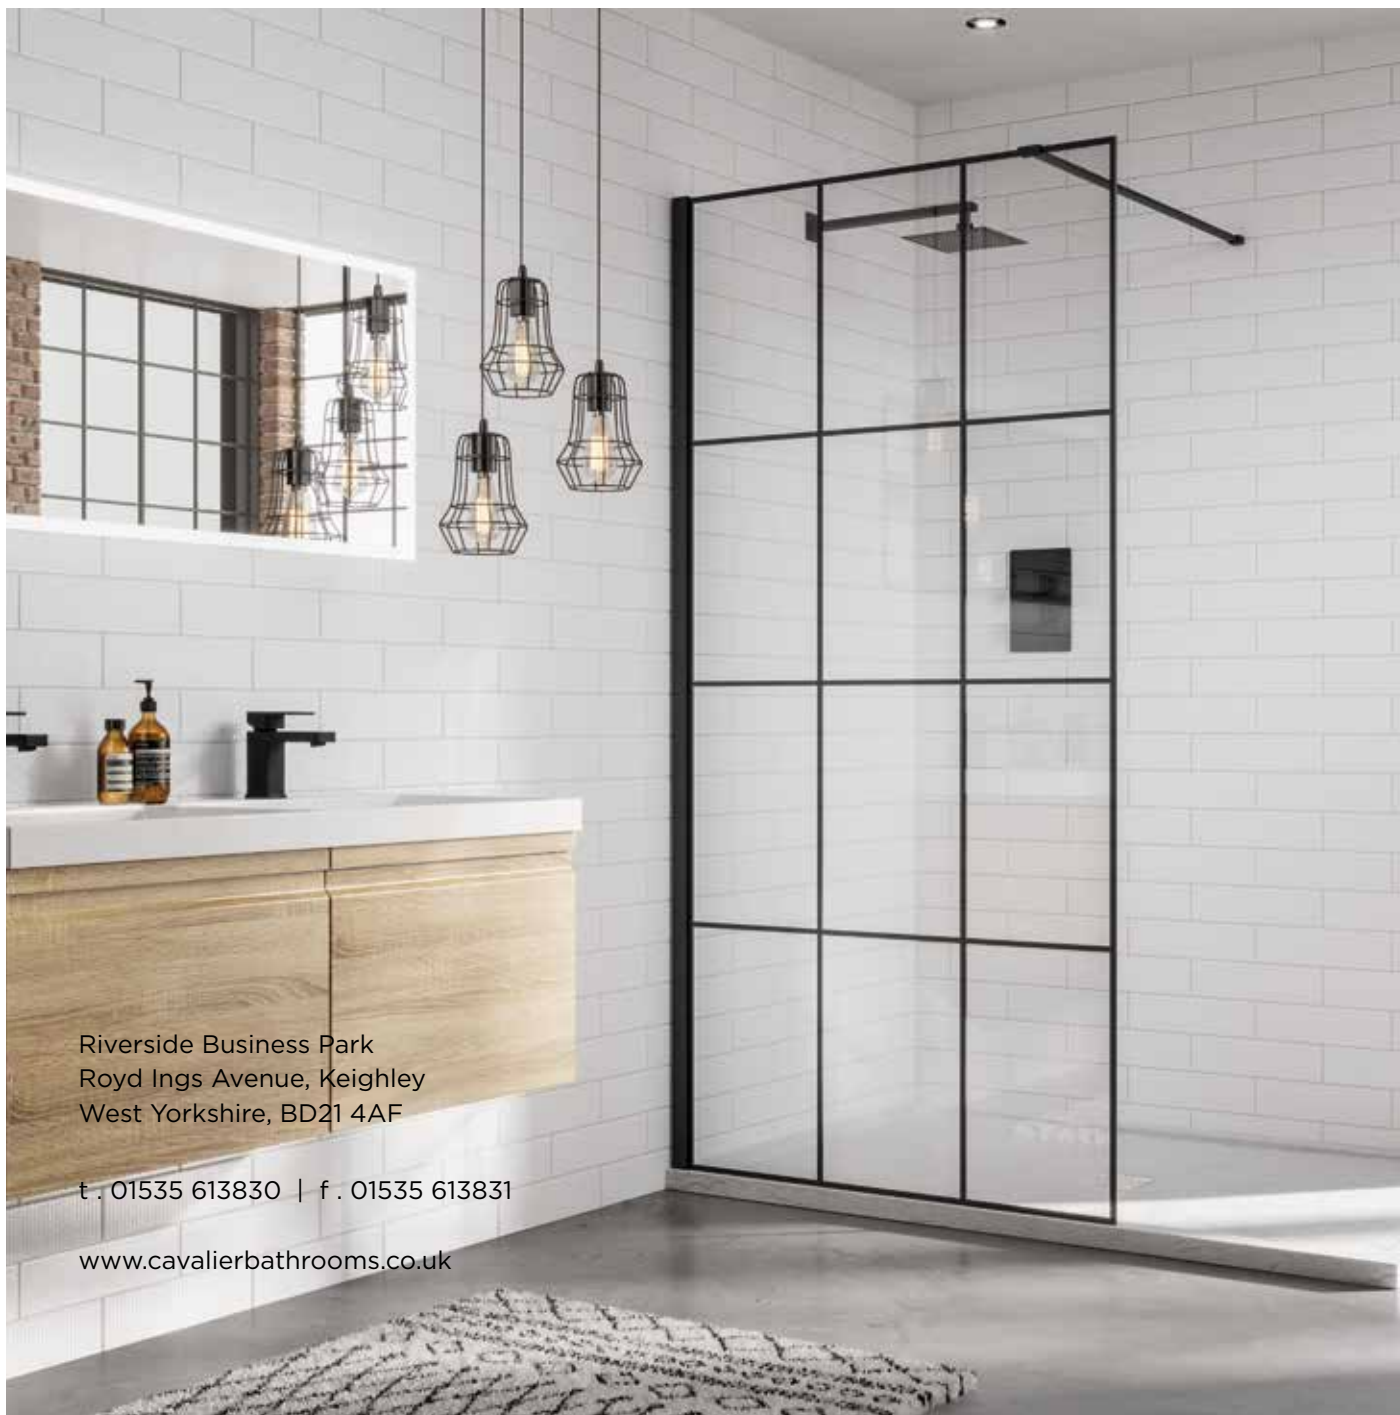

For reliable, watertight performance from your April enclosure your shower head should not be positioned so that the shower sprays directly onto the enclosure door. Failure to comply with this may cause the shower to leak. Outward opening doors may cause water to drip onto the floor, please ensure that the floor covering immediately outside the enclosures will not be affected by water.
