- S1254** 190.0 litres (to overflow)

Standards

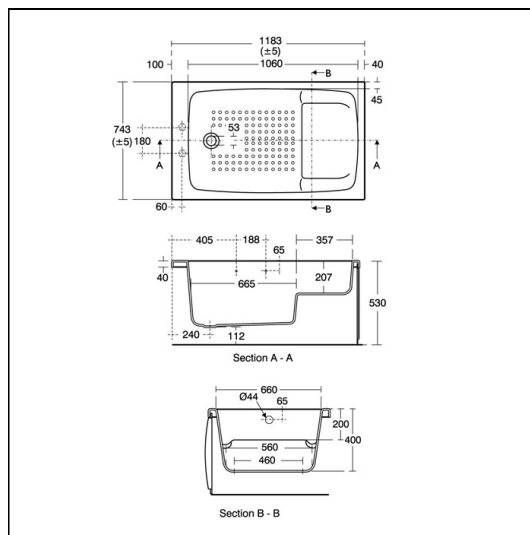

Constructed to EN 198:2008. EN 14516

This bath does not have an acrylic panel solution and is therefore recommended for a built in/tiled panel installation only.

Special Notes

Consideration should be given to safe hot water delivery and the use of an appropriate temperature reduction device, see A5901AA or part G for guidance. The tread patten on acrylic baths should not be considered as a fully anti-slip surface and will not prevent all slipping.

This bath does not have an acrylic panel solution and is therefore recommended for a built in/tiled panel installation only.
