BRISTAN

A person is shown from the back, standing under a large, circular, chrome-finished rain showerhead. Water is spraying evenly across the person's head and shoulders. The person's hair is dark and wet, with white soap suds visible. Their hands are raised, touching their hair. The background consists of white square tiles.

The Bristan Team

Introduction 4

We've covered a few of the things to consider when choosing your new tap or shower, as well as information on our quality standards and guarantees.

Showers 8

Brilliantly easy to install and even easier to replace. Whether you're looking for a touch of contemporary style, or something with a traditional twist, we've got the shower for you.

Taps 32

Taps are more than just extras, they're the perfect finishing touch. From jaw-dropping styles to brilliantly simple installation, we can help whatever your taste or budget.

Accessories 54

Sometimes it's the little things that make the biggest impact. Our wide selection of accessories offers the opportunity to add style and distinction to your bathroom.

Products you'll love, designed to last

We're the UK's number one for taps and showers.

For over 40 years, Bristan has been creating products that help make the everyday easier. Designed and engineered here in Britain, we pour our heart and soul into creating styles and collections that perform beautifully and last for years. That's why you're sure to find a Bristan product within 1 in 5 homes across the UK.

Quality you can rely on

As a company that designs and engineers our products in Britain, you can be sure everything conforms to UK water regulations.

However, we don't rest there. We test our products at our state-of-the-art testing facility to make sure they really last.

From putting our showers through the equivalent of 130 years of continual use, to pressure testing our taps to five times the pressure of a domestic water supply, we make sure our products deliver on every level - so you can rely on them for years to come.

Our promise to you

For real peace of mind, all our products are backed with solid warranties and guarantees.

What's more, should you have any questions or concerns, our award-winning customer service and dedicated engineering teams are always on hand to help.

Now guaranteed for 10 years.

At Bristan, we're constantly inspired by our customers to make improvements across our range.

That's why we have enhanced the specification of our core range of taps with next-generation components that make our taps perform even better than before. Across our bathroom tap ranges* you'll find products that are quieter, smoother and even more durable.

In fact, we're so confident of the quality of our new and updated components that we've increased our guarantee period from 5 to 10 years.

Turn to Bristan for taps with technology you can trust.

Thanks to our new ceramic cartridge at the heart of them, our taps will stand up to whatever tests family life throws at them, time and time again. That's a promise, that's a 10 year guarantee.*

Our bathroom products

From unique features that make installation a dream to a wealth of choice so you get the perfect experience. Our taps and showers help make the everyday feel special.

Showers

Whatever your style of bathroom or level of water pressure, there's a Bristan mixer shower for you. All our showers are thermostatic, which means they're brilliant at regulating water temperature, so they'll never run too hot or too cold.

Choose a rainfall shower for the ultimate luxurious soaking, or how about a minimal concealed valve for a modern spa feel? Whatever you decide, our shower valves are cleverly designed to fit even the most awkward of spaces.

It's your bathroom, so make it your own.

Taps

We've got something for every space - from ultra-modern, angular cloakroom taps to traditionally styled statement mixers. Plus you'll find options from one to three tap hole basins along with a wealth of bath mixer styles.

Need help choosing? You can find out more about each product on our website - [bristan.com](https://www.bristan.com)

WHICH VALVE IS RIGHT FOR YOU?

DUAL CONTROL, SINGLE OUTLET

Choose between a fixed head or shower kit.

DUAL CONTROL, TWO OUTLET

Allows you to have both a fixed head and shower kit and alternate the flow of water between the two while in the shower.

THREE HANDLE CONTROL, TWO OUTLET

Water can flow to both a fixed head and shower kit at the same time for an invigorating shower experience.

THREE HANDLE CONTROL, TWO OUTLET AND STOPCOCK

Create the ultimate spa showering experience with body jets as well as a fixed head and shower kit.

Showers

From eco showers that help you save water, to luminance chrome that helps you save on cleaning, we've got the perfect shower to fit your lifestyle.

Electric showers

Fed from your cold water mains-feed rather than a hot water cylinder, electric showers are economical as water is heated as you need it through an integral heater in the shower unit. This means you can always have a hot shower, no matter how busy your bathroom is or even if your boiler breaks!

Designed for ease of fitting

EASY TO FIT - EVEN EASIER TO REPLACE

If you're replacing an existing electric shower, then installing a Bristan could be a lot easier than you think.

Our showers are designed with multiple inlet points so it's easy to pair up with the electricity cables and water pipes you already have in place. Even better, our shower units are a universal size, so they're sure to fit right into the space left by your old shower. It couldn't be easier.

Tap ranges

They may be one of the smaller features in the bathroom, but our taps can help transform your look.
