C30	Extended depth close coupled / low level cistern 52cm wide & ceramic lever (incl back entry cistern fittings)

Barcodes: P18 (5055806012967), C30 (5055806019058)

Technical Specification

Size: 520 x 760 x 785 mm

Finishes : White

Product Type : Traditional

Material : Vitreous china

Weight : 39.5 kg

Overall Height : 78cm

Additional information

Supplied with floor fixings.

Recommended to be used with cistern tank isolation valve W25

The S trap P18 pan & C30 cistern combination should be used where the distance from the wall to the center of the soil pipe in the floor is 24cm

The soil pipe is fully enclosed and not visible

If the wall to soil pipe distance is less than 21cm, then use a low level pan (P2) with a flush pipe kit (T31CHR) and S trap ceramic connector pipe (C26)

Water Inlet valve hole is located on the base of cistern tank on the right hand side

Bottom inlet valve (SP5A). Back inlet valve available as optional item (SP511).

SP511 : Back entry kit for C30, including back entry inlet valve with flexible hose and plug

Dual flush cistern fittings with ceramic lever on the right.

Press lever down for 6 litre flush and up for 3 litre flush.

Cistern connected to pan with internal bolts.

Close coupled wc must be used with standard Burlington toilet seats

Compliance/Approvals:

BS EN 33:2011

Pedestal W.C. pans with close-coupled flushing cistern

BS EN 997:2012

WC pans and WC suites with integral trap
