FROM CARRON BATHROOMS

## WHAT IS CARRONITE?

Carronite™ was created by Carron Bathrooms to provide a higher level of comfort, luxury and peace of mind for our customers. All Carron Bathrooms baths are hand finished to our exacting standards but only Carronite™ baths, with our unique, patented, triple-layer reinforcement system come with a 30 year guarantee - proof of the confidence we have in Carronite™.

## HOW DOES IT WORK?

Carronite™ baths are stronger and heavier than standard acrylic baths. The additional finishing layers crafted during the Carronite™ process create a uniquely reinforced product. The added weight requires a bespoke fitting system that only adds to the stability and rigid feel of our Carronite™ baths. These elements combined help deliver the Carronite™ experience.

## THE BENEFITS OF CARRONITE

### STRONGER

It's our patented process that creates the added strength found in all Carronite™ baths. A stronger bath is a more rigid bath, resulting in a more solid experience when bathing or showering.

### WARMER FOR LONGER

Due to the extra finishing layers, Carronite™ baths are able to keep water temperature levels hotter for longer. Up to thirty minutes longer in some tests.

### PEACE OF MIND

We are so confident in the quality and finish of our Carronite™ baths that we give every bath a 30-year guarantee. That's because Carronite™ baths are designed to last a lifetime.
