

TOWELRADS

VETRO GLASS CENTRAL HEATING

Ideal as a direct replacement of an existing panel radiator. Accurate replacement sizes ensure a fast and simple installation. Incorporates standard plumbing fittings for easy installation into an existing central heating system. As an added feature, these radiators have a quick heat up time due to its slim line aluminium heat exchanger.

Low energy consumption.

Shatterproof – 10mm laminated toughened safety glass (UN12600-IBI).

100% 'Green' – made from recycled materials.
