BB nuance

welcome to Bushboard

We have been developing kitchen and bathroom surfaces in the UK since 1935 and the idea that everyone deserves great design, whatever their budget, underpins our entire approach to surfacing.

When you buy a Bushboard product you are buying into our ethos of exceptional quality, exquisite design and excellent value and, of course, first class customer care. We are proud that our surfaces are made in the UK.

We want to ensure you get the very best from your new wall panels and worksurfaces - our products carry a 15 year guarantee so you can be sure your Nuance® bathroom wall panels and worksurfaces will look sensational for years to come.

BB get the look

Here we have used our stunning Platinum Travertine wall panels and teamed them with Wildwood panels, a realistic woodgrain, to create a luxurious high-end look.

Platinum Travertine wall panelling in riven texture and Wildwood wall panelling in grain texture.

Nuance is different

Our brilliant wall panelling system is transforming bathroom design. It is an ideal alternative to tiles and is becoming the fastest growing trend in today's bathrooms according to our expanding base of independent specialist bathroom showrooms across the UK.

The unique selling points of this product mean that it is ideal for refurbishments as well as new installations.

Over the following pages you will see why Nuance is so different.

It's what bathrooms have been waiting for!

Pictured right: Alabaster wall and bath panelling in quarry texture and Wildwood wall panelling in grain texture with White Shell solid surface vanity surface.

100% waterproof

With Nuance you can be 100% confident that our panels are 100% waterproof - that's because our panels are uniquely manufactured using a synthetic, homogenous core that is 100% impervious to water.

Add to that the high-performance laminate surface, plus installation with our waterproof adhesive and sealant, BB Complete, and you have a shower area that is guaranteed for 15 years to cope with thousands of hours of showering.

Pictured right: Soft Mazzarino wall panelling in quarry texture.

100% waterproof: Exclusive and patented core is totally impervious to water and will not swell or degrade

Quality surface: High pressure laminate surface offers exceptional performance and easy maintenance

no trims required

Nuance is unique for being a trim-free system.

The large format panels have a postformed outer edge that means no trims are required for finishing.

The tongue and groove panels can be jointed with our bespoke adhesive. This gives you joints which are 100% watertight and virtually invisible to the eye.

Without the need for metal trims to detract from the look you have the flexibility to create wonderful wetrooms, stunning showers, fantastic family bathrooms and a variety of vanity styles.

Lie back and appreciate the seamless expanse of uninterrupted design.

Pictured right: Chalkwood wall panelling in riven texture.

Pictured detail: Platinum Travertine in riven texture.

The watertight panel join is virtually invisible to the eye

No trim required with the smart postformed edge

No trim required with the smart postformed edge

fast installation

Our panels can be tailored and installed in a matter of hours. In fact, in our time trials, Nuance was up to six times faster to install than traditional tiles. So, if you're planning a bathroom project, you can cut down on the disruption and time taken compared to tiling.

This makes Nuance ideal for refurbishments because it can be installed straight over almost any surface, including tiles, for super fast room turnaround.

It's the perfect material for today's bathroom interiors.

Pictured right: Grey Paladina wall panelling in glaze texture.

easy maintenance

Our Nuance laminate panelling is an ideal alternative to tiling. There are no grout lines to scrub at and because all it needs is a simple wipe down to keep it clean, you'll have more time to relax and enjoy the look you created!

More and more people are planning their next bathroom to be future-proof with level access wetrooms for ease of use as we grow older.

Easy maintenance also goes with easy mobility. Nuance panels are ideal for panelling out spacious wetrooms. They are fitted, watertight, floor to ceiling and can extend outside of the shower area for enhanced practicality. With no trims and inconspicuous joints, the large decorative surfaces are quick and easy to clean.

With Nuance there is no age limit on style.

Pictured right: Alhambra wall panelling in glaze texture teamed with Terracotta Paladina wall panelling in glaze texture and Wildwood laminate vanity surfaces in grain texture.

seamless style

Nuance lets you pull the whole design scheme together.

For a fashionably streamlined look, why not extend the panels beyond the shower area? The products can flow seamlessly throughout the bathroom in whatever way you choose, inconspicuously running around internal and external corners.

Why not add a matching or contrasting laminate panel behind the basin to finish off the look and give you a smart, elegant and practical surface.

Let the surface do the talking.

Pictured right: Veneto wall panelling and Alabaster wall panelling, both in quarry texture.

Pictured detail: Platinum Travertine wall panelling in riven texture with Natural Greystone worksurface in roche texture.

BB get the look

Here we have used our fabulous Turin Marble wall panels on one side of the room and co-ordinated this with Natural Greystone wall panels in the shower area to create a modern and desirable space.

Turin Marble wall panelling in ultramatt texture and Natural Greystone wall panelling in roche texture.

stunning designs

With Nuance you can personalise your bathroom with an array of designs, colours and surface textures. Contrast warm woodgrains with natural stones for a fashionable urban feel, or go for glamour by combining a luxury-veined granite with a subtle neutral.

Our designs are printed in life-like proportion and enhanced by realistic textures, mirroring the natural beauty of real stone, marble, granite and wood.

Mix it up and create something really special.

Pictured right: Wildwood wall panelling in grain texture.

Grey Paladina wall panelling in glaze texture.

nuance + BB Complete

100% waterproof and even the adhesive is guaranteed!

And it gets even better... because silicone has a life span, we've developed our own PUR sealant.

We know the importance of the final installation, that's why we've developed BB Complete, our bespoke adhesive and sealant which should be used by your installer when your Nuance panels are fitted.

BB Complete is available in two versions.

Our unique installation adhesive is technically superior and must be used to bond the panels to the wall. As this is not seen it is a cost effective neutral colour. Originally developed for the aircraft industry it's flexible, super strong and will not shrink or break down like silicone. It's so good we insist that it's used to validate your guarantee.

Our 15 year guarantee is built on solid foundations.

BB Complete is also available as a sealant in a range of colour options. It offers superb performance and allows your installer to join, bond and seal your panels.

Always use BB Complete and you'll have the peace of mind of our 15 year guarantee.

= 15 year guarantee

jointing | sealing | bonding | finishing

- 290ml cartridges available in 10 colourways
- Advanced formulation for superb results
- Excellent grab adhesion, gap filling properties and no shrinkage
- Easy and flexible to work with for bonding, sealing and finishing

flexible panel sizes

Our range of Nuance panels gives real flexibility to shape the perfect bathroom. The postformed panels and the standard tongue and groove panels can be linked together to create walk-in wetrooms and work with any shower enclosure. And you can finish a wall wherever you please with the versatile 160mm finishing panel. Here we show you what's on offer.

A Postformed panels

The most versatile of our panels for shower enclosures and bath panels.

Features one finished radius edge and one tongue to link to T&G panels.

Size 2420 x 1200mm one finished radius edge and one tongue.

Available in 25 ex-stock designs.

B Tongue and groove panels

Our T&G panels in 600mm widths offer the flexibility for less waste and less cost.

Size 2420 x 600mm tongue and groove.

Available in 25 ex-stock designs.

C Tongue and groove panels

Our T&G panels in 1200mm widths result in less joints, as well as offering the flexibility for less waste and less cost.

Size 2420 x 1200mm tongue and groove.

Available in 25 ex-stock designs.

D 160mm Finishing panels

This panel allows you to finish a run of T&G panels vertically with a neat postformed edge detail, instead of using extrusions. It can also be used as an upstand.

Size 2420 x 160mm one finished radius edge and one tongue.

Available in 25 ex-stock designs.

E Feature panels

With two pre-finished edges, the ideal panel to finish behind WCs and wash basins. It's especially good for cloakrooms and en-suites.

Size 2420 x 580mm with two finished radius edges.

Available in 25 ex-stock designs.

family shower room

Get the look

Weathered timber with grey hues gives a bathroom a cool rustic edge, but with a modern relaxed vibe. The Driftwood panels line out the room blending with the Alabaster shower area and contrasting Pitch Pine vanity surfaces.

Driftwood grain

- A** 3 x 1200mm postformed panel
- B** 1 x 600mm tongue & groove panel

- 1 x BB Complete Fudge sealant

vanity solutions

Nuance is all about great design with a flexible and integrated approach for all bathroom layouts.

Whether your design calls for wall hung, semi-recessed basins or the latest sit-on basins, Nuance offers co-ordinated or matching surfaces in laminate or luxurious solid surface.

Pictured detail: Magma wall panelling in riven texture with matching vanity surface and finishing panel as an upstand.

laminated vanity surface

A laminated vanity surface gives a smart and integrated design look.

Sizes available:

3000 x 360mm for semi-recess basins
3000 x 600mm for sit-on or inset basins

Available in 22 matching and co-ordinating designs, see the matrix on page 38.

Alabaster wall panelling in quarry texture teamed with Pitch Pine laminated vanity surfaces in ultramatt texture.

wall hung

A laminate panel can be turned horizontally and fixed to hide a cistern or pipes giving a perfect, waterproof finish behind bathroom furniture, vanity units and WCs.

Sizes available:
2420 x 1200mm with a pre-finished postformed edge.

Available in 25 designs, see the matrix on page 38

Alabaster wall panelling in quarry texture and Wildwood wall panelling in grain texture with White Shell solid surface vanity surface.

solid surface vanity surface

Solid surface is a high performance, sleek material that will enhance your bathroom with a designer touch.

Sizes available:

2400 x 360mm for semi-recess basins

2400 x 600mm for sit-on or inset basins

2400 x 100mm upstand

Available in 2 designs, see the matrix on page 38.

The surfaces are sanded and finished on 3 edges for ease of installation.

Turin Marble wall panelling in ultramatt texture with Black Sparkle solid surface vanity surface.

watertight solutions

There is a wide range of shower trays available in many sizes and shapes to fit with your chosen shower configuration, from designer low profile trays to level access shower trays for a wetroom. Each has its own characteristics and features.

You can rest assured that for whatever style you choose, Nuance panels are the perfect fit.

So whether you want a traditional shower cubicle or a sleek and seamless, level access wetroom, Nuance is the solution.

Worksurfaces

Laminate worksurfaces come with a matching 1500mm edge strip. Solid surface worksurfaces are factory sanded and finished on 3 edges. Additional edging, jointing and finishing kits are available.

Panels

Patterns are not designed to match across tongue and groove joints. This can be more obvious in some designs than others.

Panel trims

Nuance panels are waterproof so do not require trims. However, if you have a preference to use them they are available in bright polish, white and black.

Types: internal, external and end cap.

BB Complete Adhesive

To validate your 15 year guarantee BB Complete Adhesive must be used.

Nuance must be bonded to the wall with BB Complete panel adhesive and as this is not seen it is a cost effective neutral colour. Designed to fit a heavy-duty mastic gun, one cartridge installs one 1200mm panel.

BB Complete is also available as a sealant in 10 colour options to co-ordinate with the full range of Nuance designs. See the range matrix above for our suggested colour for your chosen design.

The Company reserves the right to change specifications at any time, without notice. Every effort has been made to achieve faithful representations of our products in this brochure, but due to printing limitations we recommend that samples of actual material are requested before purchasing.

faq's

Do I need to use metal trims?

Nuance is unique for being a trim-free system. No trims are required for finishing. Please refer to page 10.

Can I sit the Nuance panel directly onto a shower tray or bath edge?

Yes. Nuance panels must be fitted onto a shower tray or bath edge and a 3-5mm gap left, which should be filled with a bead of BB Complete coloured sealant.

How much adhesive and sealant is required for one panel?

1 x 290ml tube of adhesive is required to bond a 1200mm panel to the wall. 1 x 290ml tube of sealant contains 20 linear metres at a 5mm bead.

Can I hang wall mounted items to Nuance panels?

Yes, wall mounted items can be hung on to a Nuance panel as long as the fixings go through the panel into a solid wall behind.

Do I have to use BB Complete and how should it be used?

Yes, you have to use BB Complete adhesive and sealant in order to validate your 15 year guarantee. BB Nuance is our neutral quick grab adhesive used for bonding panels to the wall. BB Complete coloured sealant should be used for all joints.

Can I use a Nuance panel as a bath panel so it will match the rest of the bathroom?

Yes, visit www.bushboard.co.uk and watch our installation video for advice on how to cut a 1200mm postformed panel for this purpose.

Can I fit the Nuance panels to plasterboard?

Yes, as long as the plasterboard is secure, flat, smooth and clean.

Can I apply Nuance panels directly to tiles?

Yes, as long as the tiles are clean, smooth and solid and all existing sealant is removed. The tiles should be scarified with abrasive paper.

Can you butt joint panels together?

Yes, ensure that BB Complete sealant is used to form watertight joints.

How do I clean Nuance panels?

All you need to do is wipe them down with a moist cloth and your favourite mild detergent.

What if my ceiling is taller than the height of the panel?

The maximum height of the panel is 2420mm. If you require taller than this you can butt joint panels, to the top, to achieve the desired height.

Can I use Nuance for floors or ceilings?

Nuance is a bathroom wall panelling system and can't be used on floors and ceilings.

here to help

Choosing a new bathroom is an exciting time and we have all the tools you need.

Start online with our Nuance planner, get creative with our Design Studio and then order your samples and find a retailer. With Nuance it's so easy.

peace of mind

At Bushboard we're passionate about everything we do and we're always here to help.

We invest heavily in high quality manufacturing and work with the best materials and suppliers. Our values of partnership, loyalty and an ethical approach mean we do what's right; that's why we've been around since 1935.

Even after Bushboard products arrive in your home we strive to assure a quality installation. Our BB Complete adhesive and sealant range is designed to make the installer's life easier and assure a quality long-lasting installation for you.

Care & Maintenance

Nuance panels and worksurfaces are so easy to maintain. On a day-to-day basis all you need to do is wipe them down with a moist cloth and your favourite mild detergent. Do not use abrasive cleaners and bleaches.

Full details can be found in our Care and Maintenance leaflet. One of these is included with every Nuance product purchased but if you need a copy please download it from our website.

Nuance products come with a 15 year guarantee against manufacturing defects.

Visit www.bushboard.co.uk to find full details.
