

Installation Instructions

One-Part Bath Screen
With & Without Towel Bar

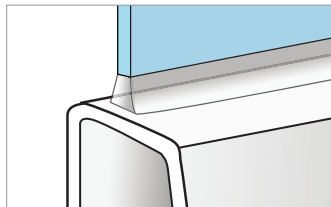

Installation Instructions

Positioning

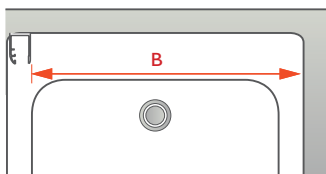

- 1.1** Distance A = Wall to inside edge of bath.

- NB** Screen must be set 10mm in from the bath edge in order for rubber seal to be water tight.

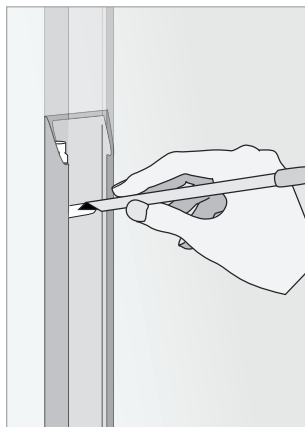

- 1.2** Distance B (screen profile) = Distance A + 10mm

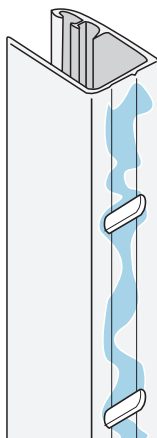

Fixing Rail

- 2.1** Place fixing rail against wall in correct position and mark drill points, then remove and drill holes for 8mm wall plugs.

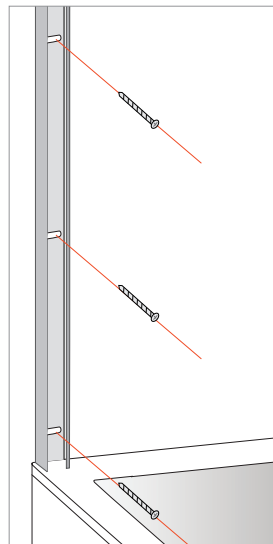

Note: Please ensure the rail is plumb

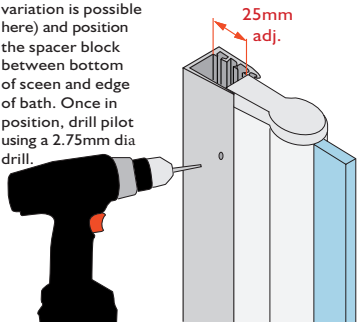

- 2.2** Apply an even covering of a silicone based sealant to the back of fixing rail prior to fixing.

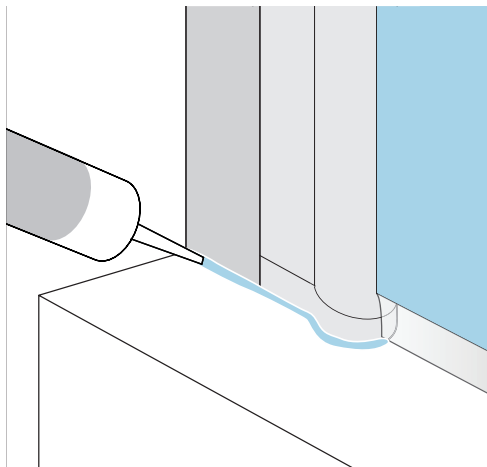

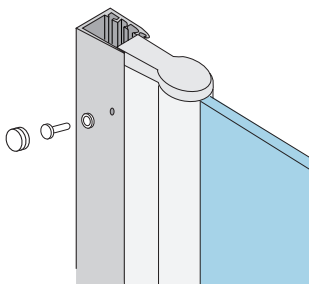

- 2.3** Fix the fixing rail to the wall with the screws provided.

- 3.1** Position screen within fixing rail (approx. 25mm variation is possible here) and position the spacer block between bottom of screen and edge of bath. Once in position, drill pilot using a 2.75mm dia drill.

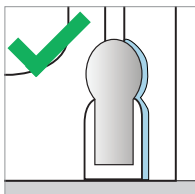

- 3.2** Next, fit the screen to the fixing rail using the self-tapping screws and covers.

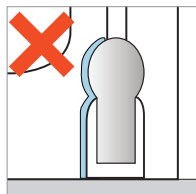

- 4.1** Using a silicone based sealer (always check product instructions to check if suitable), seal along the outside edge of the vertical fixing rail and the wall, as well as between the outside bottom of the screen frame and the bath.

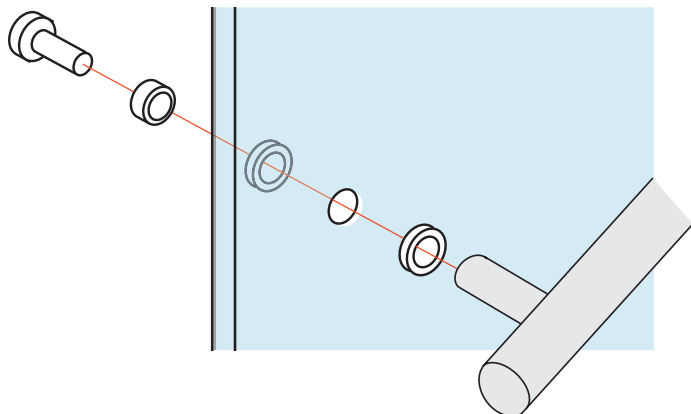

CORRECT

INCORRECT

- 5.1** If your screen comes with the optional towel bar then simply assemble the components as illustrated here and secure with allen key provided.

Due to our commitment to continuous product development we reserve the right to alter specifications without notice. Products are guaranteed against manufacturing defects for the first purchaser only and the guarantee is non-transferable. Our liability under any guarantee expressed or implied is strictly limited to replacement of defective goods or a refund at our discretion and no consequential losses will be entertained. Proof of purchase will be required.
