Bianco radiators are priced without mounting options which should be specified at time of order. For more details see information on page 181.

## Joining Keys

Cast iron radiators come assembled up to a maximum of 10 sections. Radiators larger than these will require on site assembly using an appropriate Joining Key.

- The Basic key must be used to join all Bianco radiators requiring more than two individual blocks of sections to be joined to make one radiator, or more than 3 radiators, in order to create the consistent torque required for a water tight seal.

Model	Description	Price Ex VAT	Price Inc VAT
PPASM	Basic Joining Key 1" x 300mm/600mm/900mm	£51.00	£61.20

Joining Keys & instructions will be provided for all orders over 10 sections.

Bianco Sectional prices exclude mounting option which should be selected from the kits below.

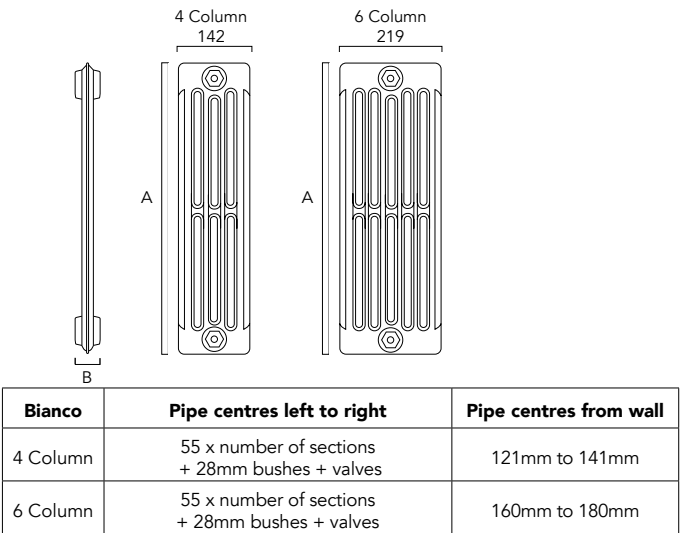

Build your radiator to fit your requirements using the individual sections shown below, then select your preferred mounting option. For more than 40 sections please contact our Customer Services team.
