KITCHEN & BATHROOM
TAP COLLECTION 2022

A new chapter of brassware excellence

Established in 1977, Tre Mercati has flourished because of its commitment to impeccably designed Kitchen and Bathroom products at competitive prices. 2022 marks an exciting new chapter for the company since becoming part of the Cavalier Bathrooms brand portfolio. The Tre Mercati guide has been restructured and now focuses on offering premium products and classic designs. Whilst still delivering outstanding quality, robust materials and engineering excellence.

Please note all prices are inclusive of VAT

Due to the restructure of the product portfolio, some Tre Mercati contemporary bathroom taps and showering ranges have been moved to our sister company; Niagara Bathrooms. You will find these at www.niagarabathrooms.co.uk

The Tre Mercati Promise

We may be run slightly differently but our aim is to continue to offer the finest range of kitchen and bathroom products. Our customer service remains second to none and we'll always go the extra mile to deliver our promises. We know our products inside out, and we use them every day, that's why we're more than happy to give a 10 year guarantee.

10	£50	LOW
Year Guarantee*	Carriage Paid**	Low Pressure Ranges***

* See from page 92 for further details on the guarantee and exclusions
** £50 Carriage paid for UK Mainland only
*** Pressure information can be found throughout this guide. High pressure requires more than 0.5 bar & low pressure requires under 0.5 bar

Boiling Water Taps

3.1

Our Tre Mercati® 3-in-1 Boiling Water Tap delivers **on demand boiling water** in addition to your normal **hot and cold** supply.

BOILING WATER TAPS

Discover the Tre Mercati® 4-in-1 Boiling Water Tap which offers **on demand boiling water** and **filtered ambient water** in addition to your normal **hot and cold** supply.

4.1

More than **instant** boiling water...

KITCHEN RANGE

Delivering the ultimate convenience; boiling water on tap. Guaranteed to enhance your kitchen experience, **reducing cooking & preparation times** in addition to improving hygienic cleaning. There are a multitude of activities waiting to become instantly more efficient.

It is not only valuable time that you save with our boiling water taps. By dispensing the exact amount of boiling water, you will **save significantly on water and energy consumption**. Eliminating energy surges, water waste and the need to constantly reheat the kettle.

Sometimes it's the little things in life that make the biggest difference; with our boiling water taps you are **always a step closer** to that strong cup of coffee on an early morning or that warm brew on a cold winters day.

Enhanced safety features such as **safety-lock** and **cool touch spout** offer you and your family additional reassurance. Unlike conventional kettles, boiling water taps benefit from being fixed in one location, with no exposed cords to pull or vessels that could be pushed over.

BOILING WATER TAPS

...instant **moments** that **matter**

KITCHEN RANGE

3.1

DISCOVER OUR 3-in-1 TAPS

Our Tre Mercati® 3-in-1 Boiling Water Tap delivers **on demand boiling water** in addition to your normal **hot and cold supply**. Designed to make your life that little bit easier, saving you valuable time, space and money.

Beautifully reliable, the 3-in-1 system combines a number of reassuring safety features, intuitive operation and will free up useful kitchen counter top space with its compact design.

Explore our stylish modern chrome and matt black tap options, featuring a stunning D shaped spout, the perfect addition to any kitchen.

BOILING WATER TAPS

3.1

Combining superior functionality and enhanced safety, our 3-in-1 tap is packed with the latest technology for all your kitchen needs.

1 SAFETY FIRST

Precise control via the safety button on the left hand side, automatic safety shut down if the water supply fails and a neoperl aerator which ensures a continuous smooth flow of water whilst preventing any spluttering.

2 SPACE-SAVING

The boiler tank will fit neatly in your kitchen cabinet with its compact, square body, this space-saving design holds a generous 2.4L of water. Not to mention eliminating the need for a kettle, leaving your worktops clutter-free.

3 TIME EFFICIENT

The 3-in-1 boiling water tap delivers on demand boiling water. Not stopping there, by dispensing the exact amount of boiling water that you require, you will save significantly on water and energy consumption.

3.1

Technology you can **trust**

The Tre Mercati 3-in-1 Boiling Water Tap is safe, easy and intuitive to use. 98°C boiling water is dispensed by using the round handle on the left hand side. To dispense boiling water, the tap's safety lock must be pressed first and then simultaneously rotated anti-clockwise.

It you suddenly let go of the boiling water handle, the flow of water will automatically turn off for your protection.

Making **space** for your essentials

Conveniently compact, the streamlined design of the boiler tank can be easily fitted into a standard kitchen cabinet with plenty of room to spare. The tank conceals a generous 2.4 litre capacity, enough to fill 8 cups of tea in one go.

The efficient, insulated tank is easy to use, simply press the ON button to activate. Once the desired temperature of 98° has been reached a green halo will illuminate to indicate it is ready for use.

Solid red halo indicates the tank has been activated

Green halo indicates the tank has reached desired temperature

The mechanical open-vented system is fed directly by the cold mains water. When the boiling water function is being activated, cold water will automatically fill the tank back up.

3-in-1 CHROME Boiling Water System

3-in-1 MATT BLACK Boiling Water System

FINISH		TANK	+	TAP	+	FILTER SET	PRICE
Chrome		TMBOIL-01		TMBOIL-02/CHR		TMBOIL-03	£650
Matt Black		TMBOIL-01		TMBOIL-02/BLK		TMBOIL-03	£725

* The Filter Replacement is optional, a replacement cartridge is required every 3-6 months or 2000 litres depending on usage.
To order your replacement filter use the following CODE: **TMBOIL-04** RRP: **£50**

i

We recommend that you change your filter every 3-6 months or 2000 litres to maintain effective performance. Order your replacement filter cartridge now using code **TMBOIL-04**.

The perfect **taste**

Delivering boiling water that is clean and free of impurities. The hidden filter system removes unpleasant contaminants from the flow of boiling water, whilst also minimising the damaging effects of limescale on the boiler tank.

KITCHEN RANGE

4.1

EXPLORE OUR 4-in-1 TAPS

Presenting the Tre Mercati® 4-in-1 Boiling Water Tap, delivering instant boiling water and filtered ambient water in addition to your normal hot and cold supply. Designed to save you valuable time, space and energy.

Combining innovative features, the 4-in-1 system benefits from a patented heating element that ensures accurate temperature control, built-in PRV to regulate pressure for optimal performance, automatic safety shut down and security lock to ensure maximum safety.

Stylish and streamlined, the design is available in chrome and matt black tap options, featuring a distinctive D shaped spout, the perfect addition to any modern kitchen.

BOILING WATER TAPS

4.1

Innovative features and precise controls, our 4-in-1 tap is packed with the latest digital technology for busy, modern kitchens.

1 SAFETY FIRST

Innovative safety features offer you and your family maximum reassurance; including highly responsive controls, automatic safety shut down, security lock and intuitive light displays that offer a simple and safe visual cue showing the set temperature.

2 SPACE-SAVING

Beautifully crafted, the streamlined and compact boiler tank has a reduced depth perfect for standard kitchen cabinets. This space-saving design holds a generous 2.5L of water.

3 TIME EFFICIENT

The 4-in-1 boiling water tap delivers instantaneous boiling water. Not stopping there, by dispensing the exact amount of boiling water that you require, you will save significantly on water and energy consumption.

4 PERFECT TASTE

Delivering filtered ambient water for a refreshingly clean taste. The filtration process removes impurities whilst retaining valuable minerals.

4.1

Technology you can **trust**

The Tre Mercati 4-in-1 Boiling Water Tap is safe, easy and intuitive to use. 98°C boiling water is dispensed by using the round handle on the left hand side, this can only be activated once the tap's safety feature has been unlocked.

Press and hold the handle on left side for 3 seconds to unlock the safety feature. The light on the handle will change from blue to red. Whilst it is red, press the center of the handle again to release the boiling water flow. When your hand leaves the handle, the boiling water will stop immediately for your protection.

Digital **precision** & **intuitive** design

Our 4-in-1 boiler tank can be easily fitted into a standard kitchen cabinet with plenty of room to spare, even with a reduced depth the tank still conceals a generous 2.5 litre capacity.

The tank benefits from innovative features such as built-in PRV to help balance pressure and provide more consistent and stable water flow. Water pressures higher than 2.5 bar entering the system will reduce to 2.5 bar, completely hassle free and fully concealed neatly in your tank.

The internal tank structure provides good insulation helping to reduce initial heating times and the frequency of re-heating, adding to greater energy savings whilst also reducing the noise when activated.

The tank features a LCD touch screen that accurately displays the set temperature - simple, clear & responsive. Not stopping there, it also indicates when to replace the filter. The smart built-in flow meter calculates the lifespan of the filter based on usage, ensuring the perfect taste every time!

4-in-1 CHROME Boiling Water System

4-in-1 MATT BLACK Boiling Water System

Guarantee & Support

ABOUT US

We are Cavalier Marketing Ltd, a company registered in England with company number 2295824 and our registered office is at Unit 2, Riverside Business Park, Royd Ings Avenue, Keighley, West Yorkshire, BS21 4AF.

OUR GUARANTEE

All our products are covered by a 10 year guarantee (subject to the exclusions below) for any defects in manufacture or the chrome plated finish. This guarantee extends to the original purchaser of our products only - it is non-transferrable.

Our original sales invoice must be provided as proof of purchase when relying on this guarantee. The start date of this guarantee is the date on our original sales invoice for the product.

Any product that falls under the above guarantee and are not subject to one or more of the exclusions below will be replaced by us in the event of any defect. This guarantee does not extend to any consequential loss, damage or charges incurred. If an item is replaced under this guarantee, the guarantee period remains the date of our original sales invoice for the item, not the replacement.

EXCLUSIONS:

FINISHES

Any finish on products other than chrome plated, including:

- gold plated;
- bespoke finishes; and
- black finished products

are covered by our 1 year guarantee only (beginning on the date contained on our sales invoice for the product).

MOVING PARTS

Moving and serviceable parts on the products including, but not limited to, valves, cassettes, ceramic disc valves, thermostatic cartridges, diverters, wastes, o-rings, seals, hoses, handsets, headwork, levers, indices, back plates and shower kits are covered by our 3 year guarantee.

BOILING WATER TAPS

This product comes with a 2 year guarantee, for full details of our guarantee please refer to our website. The guarantee is only valid to customers who complete and submit the online Guarantee Registration Form within 30 days of installation.

MAINTENANCE

Products should only be cleaned using warm water and a soft cloth. Our guarantee is void if household cleaners or abrasives are used on any product or if the products are not adequately maintained in accordance with our instructions. Furthermore, our guarantee does not cover accidental damage or damage as a result of foreign objects or substances such as rust or lime scale. The system must be flushed through prior to installation.

INSPECTION

Any products purchased must be checked on delivery or collection and any issues with damaged or missing products must be reported to us within 48 hours of inspection. If our products are damaged, they should not be installed. We will not consider any replacement requests for damaged products that have already been installed.

TECHNICAL SUPPORT

If for any reason you require advice or technical information on installation, please call **01535 613830** or email **technical@tremercati.co.uk**. Our Sales Office will also be more than happy to discuss your taps needs.

CONTINUOUS IMPROVEMENT

In line with our policy for continuous improvement, we reserve the right to alter or amend any product specification and prices without prior notice.

All prices inclusive of VAT contain VAT at 20%.

This issue supersedes all previous editions.

Colours are as accurate as the printing process will allow. Where products are stated as 'chrome' or 'gold', this refers to the finish colour and not material.

Returns

We will accept returns prior to agreement and up to 60 days after original delivery to you. After this period returns of non-faulty products will not be accepted. An appropriate carriage charge for a collection per carton will be applied to all non-faulty products.

All requests must be first made through our Sales Office. You will be asked to provide the following information:

- The original dispatch or invoice number
- The exact reason for return
- Contact and address details
- How many outer cartons there are for collection

N.B – All goods must be sufficiently packaged and in outer protective packaging.
If goods are not required please provide your authorisation for the collection and restocking charge. A member of the Sales Office will then contact with your returns reference. Do not return your product without your returns reference.

RESTOCKING CHARGE

Providing prior agreement is received from our Sales Office, non-faulty products can be returned as long as the product and the product packaging is in re-saleable condition and within the 60 days of its original delivery. However a restocking charge of 15% of the net invoice price will apply.
We do not charge for returning faulty products. Please be advised that any goods that are returned as faulty will be inspected to verify the fault.

If no fault is found and the product is deemed as in good condition an automatic restocking charge of 15% will be applied when we credit your account. If no fault is found and the product and the packaging are not in a re-saleable condition the product will not be credited.
Product returns are not permitted for discontinued products, bespoke plated products or special contracts.

T&C's

GENERAL

Unless otherwise agreed in writing by a Director of the Seller, these conditions supersede any earlier conditions, quotations or terms.

DEFINITIONS

In these conditions;

- a) Seller means Cavalier Marketing Ltd
- b) Buyer means the person, firm or Company by or on behalf of whom the order is placed.
- c) Goods means the items described on the Sellers Invoice/Delivery Note.

QUOTATIONS

Subject to any agreement to the contrary the Sellers quotations are provisional insofar as they are subject to alteration by reference to any changes in the prices of raw materials or exchange rates.

DELIVERY

- a) While the Seller shall endeavour to deliver the goods by any date agreed upon, the Seller shall not be liable for any failure to deliver by such date.
- b) Collection by the Buyer or his agent shall constitute delivery.
- c) The Seller shall be entitled to make a reasonable charge for the delivery of all orders under the value of £50.00.

WARRANTY

The Seller will (entirely at its option) replace or repair at its own expense defects in goods arising from faulty workmanship provided that the Buyer shall have given written notice to the Seller as soon as is reasonably practicable. The Sellers liability in respect of any defect shall be restricted to the repair or replacement of said goods.
Where damage or loss occurs to the goods in transit, the Seller shall repair or replace (at its descretion) said goods provided notification is made in writing within seven days of notification of dispatch goods.

PAYMENT AND OWNERSHIP

The goods shall remain the property of the Seller until such time as the Buyer shall have paid to the Seller, the full purchase price as shown.

The Seller shall be entitled to repossess the goods and enter onto any premises where the goods may be situated immediately on the Buyer committing any breach of his contract or any act of insolvency, or if any distress or execution shall be levied on his property or assets, or if he shall make or offer to make any arrangement with creditors, or commit any act of bankruptcy or if any petition or receiving order in bankruptcy shall be presented or made against him, or if the Buyer is a limited company any petition or resolution to wind up such company's business (other than for the purpose of amalgamation) shall be passed or presented, or if a Receiver of such company's property undertaking or assets or any part thereof shall be appointed. In the event of the Seller repossessing the goods, the Buyer shall be liable to pay the Seller the difference between the price of the goods and their value on repossession and in the event of the Seller being entitled to repossess the goods and being unable to for any reason whatsoever the Buyer shall pay to the Seller the full purchase price thereof in accordance herewith.

Unless specified in writing by the Seller, payment shall be made by the Buyer not later than four weeks following the month in which the goods are dispatched.
Any discount offered to the customer is shown on the face of the invoice and affects neither the date by which the payment is due nor the seller entitlement to interest in the event that payment is not made by such date.

LAW APPLICABLE

This contract shall in all respects be construed and operate as an English contract and in conformity with English Law.
