BRASSWARE

The Trisen range of brassware is as diverse as it is beautiful, from contemporary to traditional, there will be something to enable you to express your own individual personality on the way you shower or fill your bath, basin or kitchen sink.

Although a chrome finish is very much the established preference, we now offer a bathroom range in a more contemporary sleek black finish for those who want to be a bit more daring or wish to echo the black finish of a bath, shower enclosure or wetroom.

Guarantee

We guarantee our products against faulty materials or manufacture for life provided they have been installed, used and regularly maintained in accordance with our instructions.

All working parts such as ceramic discs, cartridges, filters and water tanks, which are subject to normal wear and tear, are covered for 12 months from proof of purchase date.

Our guarantee applies to the original purchaser only and is non-transferable. Should you raise a claim, the issue will be investigated. As part of the investigation we request that the following conditions be satisfied:

- Proof of purchase at the time of claim.
- The product has been maintained and cared for in compliance with our instructions (including regular and appropriate cleaning). If in our opinion the product has been modified, misused or accidentally damaged, we can accept no responsibility for failure.
- The opportunity to inspect the product in the installed condition.

Faulty items will be replaced with our nearest equivalent product.

This guarantee does not affect your statutory rights. This guarantee is only applicable in the UK and Republic of Ireland.

As a continually evolving company we reserve the right to change product specification without prior notice. Prices are valid on orders placed from 1st July 2020. Under current world market conditions, costs can be extremely volatile and we reserve the right to review prices at any time.
