aqua

Aqua Brands, Green Lane, Green Lane Industrial Park, Featherstone WF7 6TA
T:0845 470 2424 F:0845 470 2425 W:www.aquabrand.co.uk

- Please read these instructions in full before installing

IMPORTANT

- Check that the bath has been installed to the manufacturer's instructions.
Please note - All product is supplied without a bath.
- Opening wall adjustments
1200x1500mm 2-fold screen - adjustment = 1180-1200mm

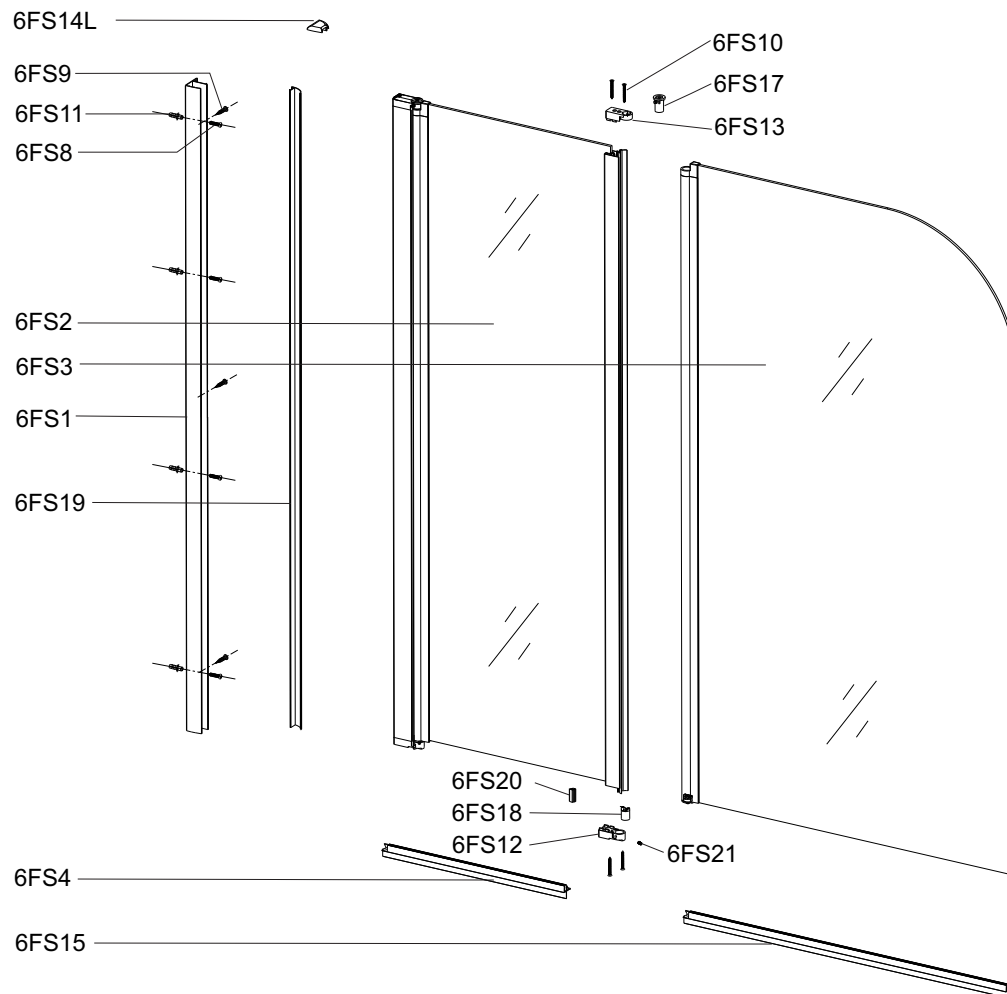

GENERAL SAFETY INSTRUCTIONS

- Do not fix the wall profile to newly plastered, painted or papered walls as chemical reaction may cause discolouration to the surface finish.
- Important: The wall plugs included in this pack are for solid walls only. If the product is to be mounted on a partition or stud wall, specialised fixings should be purchased separately.
- Fixing tips; A piece of insulating tape or a couple of layers of masking tape applied to the wall before marking out the fixing holes will help stop the drill from wandering, particularly on tiled surfaces.
- When working near a basin or bath insert the plug into the waste, this will help you avoid losing small parts. Also take care not to drop accessories or tools onto the bath or basin, use a towel or bathmat to protect delicate surfaces.
- **CAUTION!**
Before drilling into any walls check that there are no hidden cables or pipes. Exercise great care when using power tools near water. The use of a residual current device (RCD) or cordless drill is recommended. Always double check the positioning and measurements before drilling holes.
- This product is heavy and requires two people during lifting and operations.
- Glass is delicate, support on cardboard to minimise risk of damage.

Tools required (not supplied)

Electric drill		tape measure	
drill(Ø6mm)		rubber hammer	
cross tip screw driver		knife	
spirit level		pencil	
		silicone sealant

2-fold screen is ok to be installed in left and right hand. Below steps in based on left hand. For right hand, please follow below steps in mirror direction.

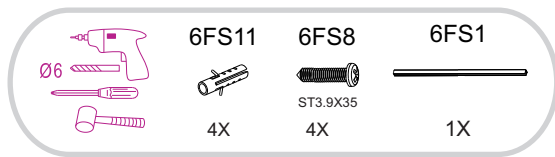

1.

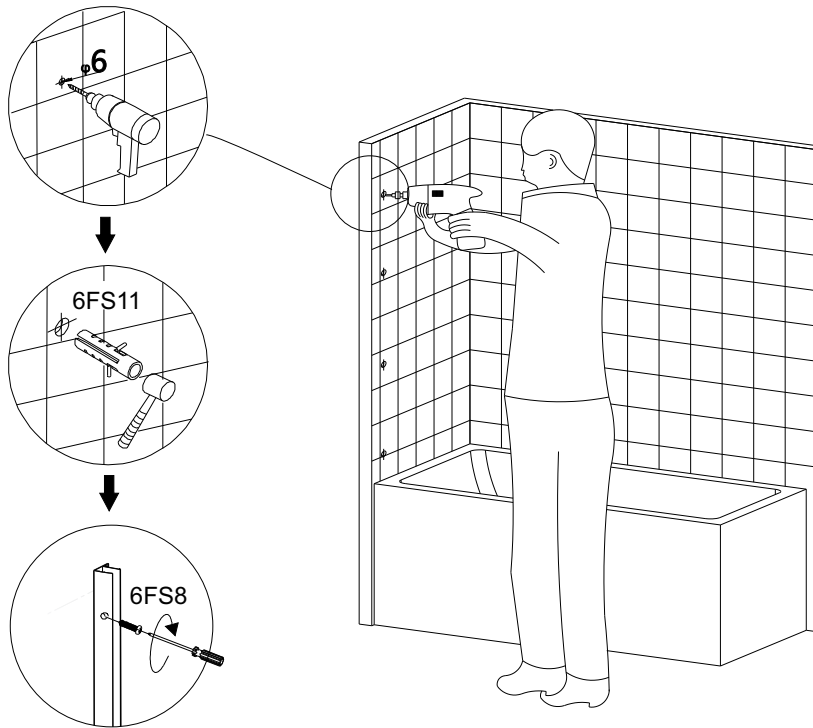

- Put the wall profiles 6FS1 against the wall and ensure it is vertical using a spirit level.
- Mark the holes on the wall.

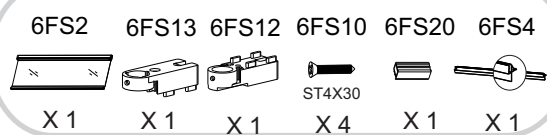

2.

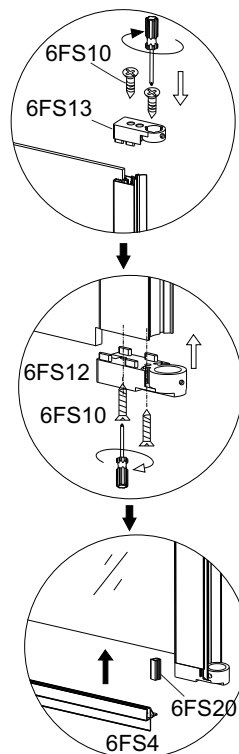

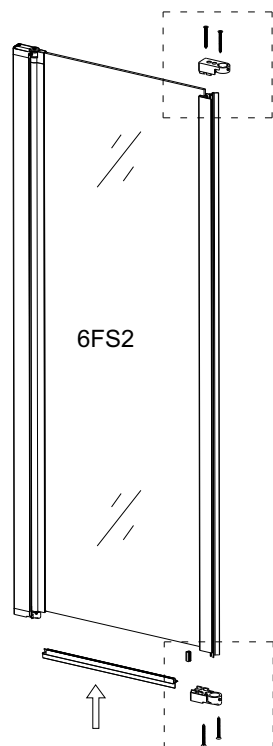

- Drill the holes(Ø6mm) according to the marks and insert the wall plugs 6FS11 into the holes.
- Fasten wall profile 6FS1 on the wall with screw 6FS8.

3.

- Take out the small fold screen 6FS2. Fix top bracket 6FS13 on top of the vertical profile with screws 6FS10.
- Fix bottom bracket 6FS12 as well with screw 6FS10 at bottom.
- Please cover the small rubber block 6FS20 on the back mouth of the bottom bracket 6FS12, and then attach the bottom anti-water sealer 6FS4 onto the panel 6FS2.

Caution : The triangle bubble should be mounted towards the inside of the bath.

4.

6FS17

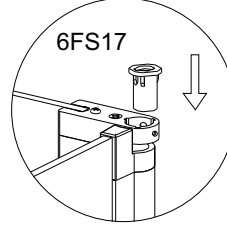

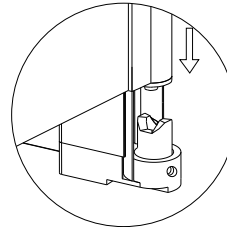

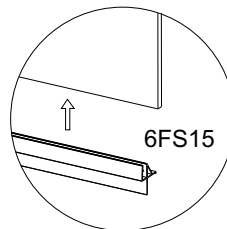

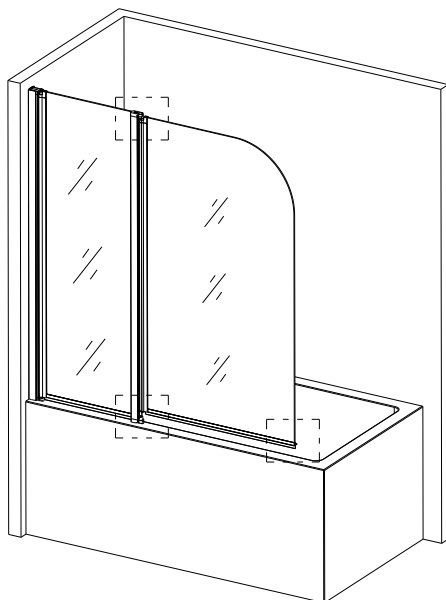

X 1

-Attach the bottom anti-water sealer 6FS15 onto the panel 6FS3 at bottom of the glass panel.

-Apply the moving panel 6FS3 onto the panel 6FS2.

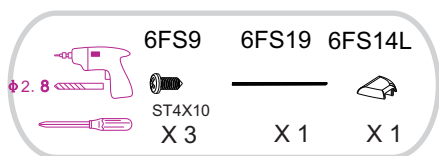

Make sure the bottom profile sit onto the bottom pivot like below drawing shows.

-Insert the top pivot 6FS17 into the top bracket.

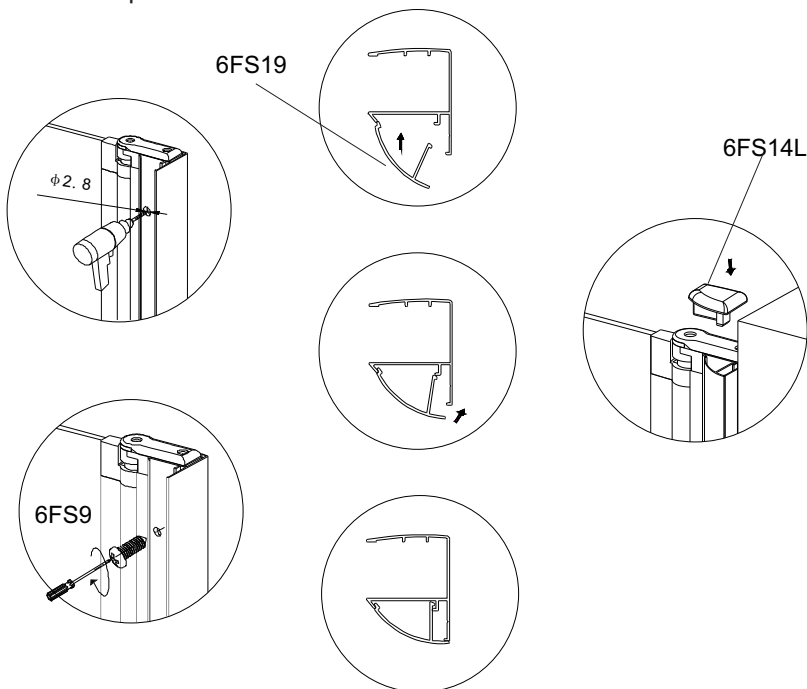

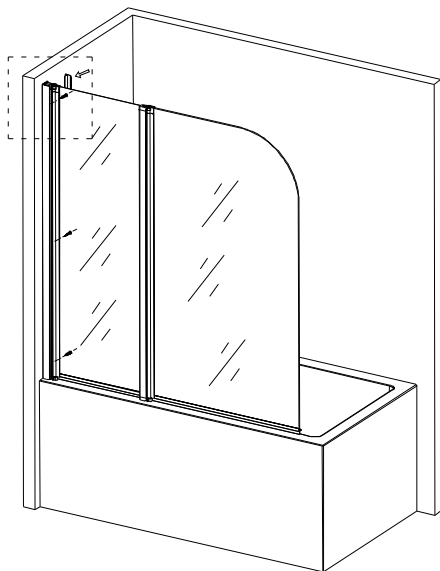

Caution : The triangle bubble should be mounted towards the inside of the bath.

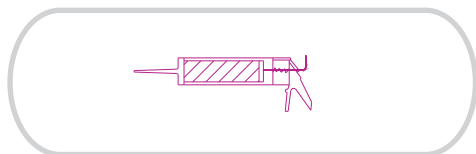

6.

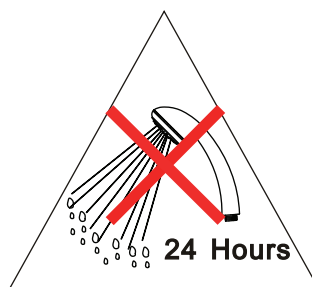

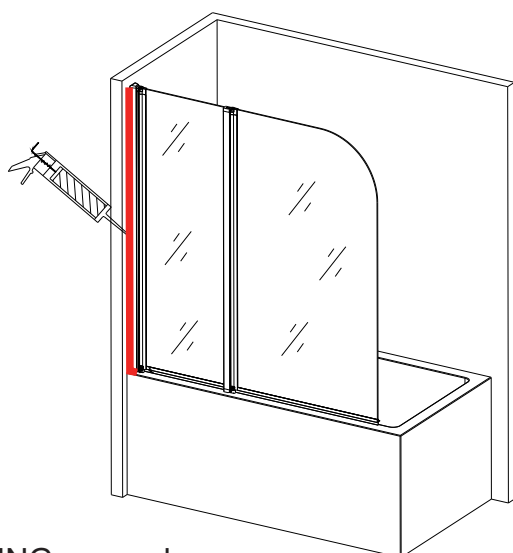

- Adjust the adjustment between wall profile and vertical profile to the right distance.
- From inside of the bathtub, drill holes ($\phi 2.8$ mm) and fasten the wall profile and vertical profile with screws 6FS9.
- Cover the wall profile with conceal profile 6FS19 from inside.
- Make sure the conceal profile hook at the cambered side firstly, and hook the inside secondly; then totally cover the conceal profile onto the wall profile.
- Cover the top cover 6FS14L onto the top of the wall profile and conceal profile.

7.

- Apply silicone sealant to the outside of the screen. Please note: Do not apply silicone sealant to the inside of the enclosure.

CLEANING-general

Use only warm soapy water and damp cloth/sponge on a regular basis.
Do not use abrasive scouring powders, chemicals or aerosol cleaners-these may result in damage to the surfaces, in particular, the plated component parts.

For information and support phone: 0845 470 24 27

Sealant drying times may vary in cold damp conditions and will be extended where thicker beads of sealant are applied. Allow sealant to dry completely before exposing to water.

We have taken great care to ensure that this product reaches you in perfect condition. However should any parts be damaged or missing please contact your point of purchase. This does not affect your statutory rights. In addition if you require replacement parts your point of purchase will be happy to assist.
