Home Safety Advice

- **INPUT: AC220V-240V. MUST BE CONNECTED TO EARTH  AND LEAKAGE SWITCH.**
- **HAZARDOUS VOLTAGES INSIDE - DO NOT REMOVE ANY COVERS IF NOT PROFESSIONAL ELECTRICIAN. **
- It is recommended that two people fit this product to ensure that it is fitted safely.
- Always take care when using power tools, particularly in the bathroom.
- Always check for hidden cables and pipework before drilling and take extreme care if there is any water in the working area.
- It is advisable to use a residual current circuit breaker (RCCB).
- Always wear suitable eye protection when drilling.
- If the product is to be fitted on a ceramic tiled wall, a ceramic drill bit should be used.
- Always ensure that the drill hole passes through the central tiled area rather than through the grouted area. To prevent damage to the tile, mask the area around the hole with tape before drilling.
- Do not strike the product with hard or sharp objects.

GENERAL INFORMATION

The warranty will not apply if :

- The product has been damaged by improper use;
- The product has not been used in accordance with any applicable instruction guide;
